

About Our Service and Caring Staff

Pain relief starts today!

Our Chiropractic Physicians are dedicated to providing fast pain relief as well as spinal correction. We strive to become a partner in helping each patient under our care reach his or her optimal level of health and wellness

Our goal is to provide quality effective care, which is safe and gentle. We treat all types of patients including those injured in sports activities, auto accidents and on the job injuries

Chiropractic care has been shown to be effective in a variety of conditions including:

Neck pain Headaches Arm pain and numbness

Shoulder pain Lower back pain\Leg pain and numbness

Hip pain Knee pain Scoliosis

Carpal tunnel and wrist pain Jaw pain

Our Chiropractic Physicians work with many types of Medical Providers in order to give our patients the best possible Care. These include Medical Doctors, Acupuncturists, Physical therapists, and personal trainers. If your

condition requires attention from another branch of the healthcare profession, that recommendation or referral will be made.

Each new patient receives a thorough history, and a comprehensive examination prior to treatment.

Initial consultations are **provided at no cost** to determine if your case would likely respond to Chiropractic treatment
