ABOUT US

Our story begins with love. We are a husband and wife team, who not only fell in love with each other but also discovered a shared passion for hosting and entertaining. In 2020, amid the lockdown, we brought our dream to life by purchasing The Parr's Bank and embarking on its restoration in three stages: The Café Bar, The Banking Hall, and The Hotel. Today, our vision of creating a luxury destination for celebration, food and a place to stay has come into fruition. We have renovated the building with a contemporary eastern style whilst also being sympathetic to the original traditional features, which have been carefully restored. When we are not spending time with our two young children, you will find us here and dedicated to our first child, The Parr's Bank. We look forward to being a part of your beautiful love story.

HISTORY OF THE PARR'S BANK

Located in the heart of Warrington, Cheshire, The Parr's Bank Hotel and Wedding Venue is a unique establishment housed in a remarkable grade II listed building.

Formerly the first bank in Warrington the building dates back to 1877 and the wealth of the era is shown within the neo-classical internal architecture and solid structure of the building. With original marble pillars, gold leaf coving and the highest ceilings in Cheshire. The Parr's Bank truly is a place of grandeur.

The beautiful large wooden doors and the black and white Victorian tiles make the perfect photographic backdrop.
