

**shed
solutions.**

Here are **FIVE** essential factors to consider when buying a shed:

METAL ROOF

- One of the biggest concerns we hear is about roofs that leak or collapse due to shingle materials. That's why 95% of our buildings come with sturdy metal roofs, complete with a 40-year limited warranty. With our roofs, you can relax knowing your belongings will stay safe and dry for years.

SIDING & FLOORING

- Many sheds are made with lighter materials that just don't hold up. Our high-quality $\frac{3}{4}$ " tongue-and-groove flooring and $\frac{7}{16}$ " LP Smart siding mean you can confidently drive in your lawnmowers and vehicles without worrying about sagging or damage.

FREE DELIVERY

- We believe in being upfront about costs, which is why we offer free delivery within 80 miles. No hidden fees or surprises—just great service that you can count on!

EXCEPTIONAL SERVICE

- We don't just sell you a shed; we're here to assist you with everything from site preparation and permits to choosing the perfect design and handling your old shed. We're always happy to help!

LOCAL CRAFTSMANSHIP

- It's important to us that you know where your shed comes from. Shed Solutions is a family-run business, and all of our buildings are crafted right here on-site. You'll get a quality structure that's tailored just for you!

WE CAN'T WAIT TO HELP YOU BUILD YOUR PERFECT SHED!

- Choose wisely. Choose quality. Choose Shed Solutions!
