

EV Charging Quick Reference South Florida

(786) 981-1177

Call or text anytime

TESLA SUPERCHARGER

\$0.35 – \$0.50

per kWh · Miami & FTL

CCS FAST / EA / EVGO

\$0.25 – \$0.48

per kWh · up to 350 kW

LEVEL 2 & FREE

\$0 – \$3

per hour · hotels & malls

Delivered at 100%. You only need to charge on longer trips or if you'll return below 20% battery. Most weekend trips need zero charging.

Hollywood Pickup/Drop-off: Wawa · 106 S State Rd 7, Hollywood, FL 33023 (meeting point only — not an office). Questions: (786) 981-1177. Several Wawa locations also host Superchargers.

1 TESLA SUPERCHARGER (MODEL Y & 3)

- 1 Tap the lightning bolt on the touchscreen. The car routes you to the nearest open Supercharger.
- 2 Pull into any stall. Press button on handle — port opens.
- 3 Plug in. **Charging starts automatically.** Amped account is linked — no card, no app needed.
- 4 Unplug at 80% for fastest trips. We invoice sessions at the end of your rental.

2 CCS FAST CHARGER (EQUINOX EV RS)

- 1 Open PlugShare or Electrify America app — find a CCS 150 kW+.
- 2 Park, press charge port button on driver-side door.
- 3 Plug in firmly (click).
- 4 Tap a credit card at reader OR start in the network app.
- 5 Unplug at 80% on road trips. ~70 mi per 10 min.

3 TOP MIAMI CHARGER LOCATIONS

Aventura Mall	20 stalls · V3
Dadeland Mall	16 stalls · V3
Brickell (701 S Miami)	12 stalls
MIA — NW 36th St	Tesla + CP
Miami Beach (Collins)	Tesla + EA
Coral Gables	Supercharger

4 TOP FORT LAUDERDALE / HOLLYWOOD

Seminole Classic Casino (Hollywood)	24 · up to 325 kW
Sunrise Blvd (2414 E)	16 stalls · V3
Wawa — W Broward Blvd	8 stalls · V3
Powerline Road	8 stalls · V3
EA Walmart W Broward	350 kW CCS
Galleria Mall	6 FREE L2

5 FREE CHARGING — DON'T PAY IF YOU DON'T HAVE TO

- Aventura Mall
- Dolphin Mall
- Galleria Mall
- Miami Beach Garages
- Whole Foods · Target
- Hotels · Colleges

Miami-Dade: 50+ free locations. Broward: 115+ free. Filter "Free Only" in PlugShare.

6 YOUR VEHICLE'S RANGE

Tesla Model Y	330 mi · 82 kWh
Tesla Model 3	333 mi · 75 kWh
Chevrolet Equinox EV RS	319 mi · 85 kWh
Full Tesla Y charge cost	\$28 – \$41
Full Model 3 charge cost	\$26 – \$38
Full Equinox charge cost	\$30 – \$41

7 THE 6 APPS — INSTALL ALL BEFORE YOU DRIVE

PlugShare

Universal map · real-time availability · FREE filter · start here

Tesla App

Tesla renters only. Live Supercharger stall data and routing.

ChargePoint

Largest U.S. network. Hotels, malls, most Level 2.

Electrify America

Fast CCS charging. Best for Equinox EV road trips.

EVgo

Fast DC charging. Tap-to-pay works. \$2.99 session fee.

ParkMobile

REQUIRED for City of Fort Lauderdale chargers. No alternative.

1 CHARGER WON'T START?

- 1 Unplug, re-plug firmly until the cable clicks.
- 2 Confirm car is in Park, doors closed.
- 3 Refresh the charging app.
- 4 Try a different stall — single units fail often.
- 5 Try a different payment method.
- 6 Call the network (hotlines below).
- 7 Move to the next station (PlugShare).

2 CHARGING SLOW?

Normal causes:

- Above 80% — charging tapers sharply. Unplug and drive.
- Hot battery after highway — wait 5–10 min.
- Shared stall — move to a solo stall.
- Hotel L2 capped at 3–6 kW — this is the station, not the car.

In Florida heat, charge early morning or after sunset for fastest speeds.

3 CABLE STUCK?

- 1 Tesla: Tap "Open Charge Port" on touchscreen, or long-press trunk button on key fob.
- 2 Equinox: Press charge port button on driver-side door or touchscreen.
- 3 Make sure the car is unlocked and awake. Open a door first, then retry.

4 CITY OF FTL CHARGERS

Las Olas, Riverwalk, Arts & Science, FTL Beach Park garages:

These ALL require ParkMobile. You cannot tap-to-pay or use ChargePoint.

Install ParkMobile BEFORE driving downtown. Enter the posted zone number to start a \$5/hr session.

5 ROAD TRIP CHARGING STRATEGY · USE A BETTER ROUTE PLANNER (ABRP) FOR ALL ROUTES

→ Florida Keys

Charge to 90%+ at **Dadeland Mall** before US-1.
 Keys charging = hotel Level 2, no Superchargers on Overseas Highway.
 Key West (~165 mi): overnight hotel charge required.

→ Miami ↔ FTL

~30 mi each way. No charging needed.
 For longer stays: Seminole Classic Casino (up to 325 kW) is fastest. 4150 N State Rd 7, Hollywood.
 Free L2 at Galleria Mall while shopping.

→ Miami ↔ Orlando

~230 mi each way.
 Stop at **Fort Pierce or Port St. Lucie** Supercharger on the Turnpike.
 20 min stop = full 80% for next leg.

6 EMERGENCY HOTLINES

Amped (first call)	(786) 981-1177	Tesla Supercharger	(877) 798-3752
ChargePoint	(888) 758-4389	EVgo	(877) 494-3833
Electrify America	(833) 632-2778	ParkMobile	In-app help center

Escalation: Network line first for charger problems (offline, frozen, payment). Amped first for vehicle issues or if stranded. Never tamper with damaged chargers — move to a different station.

Return Policy: Return the vehicle with at least 20% battery. You do NOT need to return fully charged. Below 20% triggers a charging fee. Amped picks up from your location — no depot visit required.

7 TESLA RENTAL — MUST KNOW

Your phone is the key. Download the Tesla app, accept the digital key invite we send, enable Bluetooth + Location. A backup key card is in the glove box.

Supercharging is automatic. The Amped account is linked. Just plug in. We invoice all sessions at the end of your rental.

Don't add a credit card to the Tesla app — you don't need to.

Pro tips: Charge to 80%, not 100%. Avoid peak hours 4–9pm at Aventura/Dadeland.

8 EQUINOX EV — MUST KNOW

Check the trunk: Dual Level Charge Cord (works at 120V & 240V outlets) + GM NACS Adapter (unlocks 25,000+ Tesla Superchargers).

To use Tesla Superchargers: Install the Tesla app, make YOUR OWN Tesla account, add YOUR credit card. Tesla bills you directly — not Amped.

Pro tips: Confirm Supercharger compatibility in Tesla app. FTL city chargers have 4-hour limit. Text (786) 981-1177 — often faster than calling.
