IMPORTANT LEGAL DISCLAIMER

This presentation is for informational purposes only and does not constitute financial, legal, or investment advice. Cryptocurrency mining involves significant inherent risks, including extreme market volatility, unpredictable network difficulty, and hardware depreciation, which may result in a partial or total loss of capital. Historical performance, including our past Bitcoin production, does not guarantee future hashrate yields or network rewards. Additionally, any affiliate commissions or rank advancements discussed are based strictly on individual sales performance, and HASHNET makes no guarantees regarding future income or daily mining profitability.
