

Salt, Sand and Fertilizer Spreader

The Salt, Sand and Fertilizer Spreader is an essential part of your attachments arsenal. The large hopper capacity and material release controls work together for increased efficiency on the job. Quality materials and workmanship prevent unwanted downtime as you work to make sidewalks, parking lots and roads safer during icy winter months, or fertilize during the spring and summer months. Use the flow control valve setting to spread over distances varying from 4' up to 35'.

EASY SCOOP DESIGN ALLOWS RAPID RELOADING WITH JUST ONE OPERATOR

THREE ADJUSTABLE MATERIAL FLOW RATE DOORS AND VARIABLE SPEED CONTROL

ADJUSTABLE FLOW CONTROL TO SPREAD OVER DISTANCES FROM 4' TO 35'
