

# EQUIPPING WARRIORS IN HARM'S WAY

## Sensitive Site Exploitation Kit

The EOD Gear Sensitive Site Exploitation (SSE) Kit is designed to support military, law enforcement, and special operations personnel conducting tactical site exploitation and evidence collection missions. The kit provides operators with the essential tools required to identify, collect, document, preserve, and transport evidence discovered during operational activities.

The kit contains the tools required to conduct Sensitive Site Exploitation operations, enabling operators to properly handle physical evidence, documents, electronic media, and other materials encountered during tactical operations while maintaining proper chain-of-custody procedures.

All kits are assembled by EOD Gear under an ISO 9001:2015–certified Quality Management System to ensure consistent configuration and operational reliability. The Sensitive Site Exploitation Kit is available for procurement through the EOD Gear GSA Schedule contract as well as Purchase Orders, and standard P-Card purchases.

Kits are supplied in durable tactical pack configurations with color options including Coyote Brown, Black, Multicam, and Ranger Green. Configuration modifications and agency-specific kit options are available upon request.
