WHAT IS FITPEO?

FitPeo is a turnkey Remote Patient Monitoring (RPM) and Chronic Care Management (CCM) platform that generates new, recurring Medicare revenue for medical practices — with zero added workload for your staff.

THREE PROGRAMS

**RPM** Remote Patient Monitoring — Bluetooth devices track vitals 24/7. FitPeo clinical staff monitor data and alert your team only when intervention is needed.

**CCM** Chronic Care Management — Monthly care coordination for patients with 2+ chronic conditions. FitPeo handles the calls and documentation.

**RTM** Remote Therapeutic Monitoring — Tracks therapy adherence and patient-reported outcomes for expanded coverage.
