

FitPeo

Where Health Meets Care

Why FitPeo?

Clinics have witnessed a remarkable 20% decrease in hospitalizations and visits to the emergency room.

Increase patient retention with FitPeo Programs! Participants are 87% more likely to stay with your practice. Experience our comprehensive care approach and feel the difference.

Increase your revenue with an average additional earning of over \$250K per year for every 100 patients served by providers.

Onboarding Flow Chart

Organization Setup:

- Introductory call to implement the program.
- Collect necessary EMR/EHR credentials and billing information to ensure a seamless integration.

Program Assignment:

- Identify eligible patients for FitPeo Programs.
- Assign FitPeo programs and devices to patients based on their specific health needs. For example, a blood pressure monitor for blood pressure.

Provider Training:

- Obtain provider approval for the patient list, ensuring collaborative and smooth patient outreach.
- Provide comprehensive training to the staff on the functionality of FitPeo devices and applications.
- Customize branding and marketing collateral.

Patient Enrollment and Engagement:

- FitPeo specializes in comprehensive patient enrollment and engagement solutions.
- We offer a range of services and technologies to enhance patient recruitment, retention, and participation.

Billing Process:

- Taking responsibility for filing claims on behalf of the clinic and ensuring reimbursement for all the patients.
- Providing invoices to the provider.

Our Health Monitoring Devices

Stay effortlessly connected to your patients with FitPeo's Bluetooth-enabled devices, offering accessible and personalized healthcare monitoring. With 24/7 support, seamlessly track oxygen levels, glucose, blood pressure, and weight for comprehensive health management.

Seamless EMR Integration

- FitPeo Platform provides centralized real-time access to patient data.
- Integration fosters improved patient engagement, better care coordination, and data-driven decision-making.
- Alerts enable timely interventions, while efficient chronic disease management leads to improved outcomes.
- Integrated approach promotes proactive, efficient, and patient-centered care.

Our software integrates seamlessly with leading platforms like:-

Athena Health

Point Click Care

eClinicalWorks (ECW)

And many more.

Why choose FitPeo?

1

Monthly Reporting and Claim Sharing:

At FitPeo, transparency and collaboration are our top priorities. Gain access to detailed monthly reports and claims to ensure clarity for patients. Our user-friendly portal ensures real-time access to patient data, anytime, anywhere.

2

Seamless Team Extension:

Dedicated to serving your needs by providing exceptional care, support, and personalized attention. With our expertise, passion, and unparalleled healthcare solutions, we empower you and deliver a remarkable experience.

3

Customized Program Implementation:

Customization is crucial. We adapt our approach to your preferences, ensuring that we prioritize and serve your patients the way you want us to. Quality is our top priority.

Why choose FitPeo?

4

Effortless Claims Submission:

Let us manage all the work for you. Efficiently handling take-backs, denials, and the entire Accounts Receivables process - consider it done. We prioritize your peace of mind.

5

Full Responsibility:

This transformative platform shifts your practice from a fragmented, episodic approach to a more patient-centered, connected care model. Experience the power of seamless, continuous healthcare that puts your patients' needs first.

6

Dedicated Customer Success Manager:

A dedicated CSM will be assigned to your practice, ensuring a smooth onboarding experience, ongoing support, and continuous optimization of FitPeo's programs.

Responsibilities of Your CSM:

- Tailoring FitPeo's solutions to meet your specific needs.
- Providing training for your team on RPM/CCM workflows.
- Regular check-ins to assess program performance and suggest improvements.
- Helping maximize ROI and patient satisfaction.

How FitPeo is more than just a RPM & CCM Provider

FitPeo's comprehensive patient adherence system is designed to boost engagement and improve health outcomes.

Hydration Monitoring

- Daily water intake reminders.
- AI-driven hydration tracking.

Timely Medication

- Smart reminders for prescribed medications.
- AI-powered adherence tracking.

Exercise & Yoga Programs

- Guided sessions for physical and mental wellness.
- Personalized workout recommendations.

Breathing Exercises

- Techniques for stress reduction and improved lung function.
- Guided meditation for relaxation.

Health Education

- Short, engaging content on chronic condition management.
- Interactive learning modules for better health decisions.

Sleep Hygiene Support

- Personalized sleep tracking and improvement tips.
- AI-generated sleep routine recommendations.

Sound Therapy

- Relaxation frequencies for stress relief and focus.
- Sound waves for better sleep quality.

Healthy Diet Guidance

- AI-powered meal planning and nutrition guidance.
- Personalized diet recommendations based on health conditions.

Guided Yoga & Meditation

- AI-assisted mindfulness training.
- Live and recorded guided meditation sessions.

AI Companion for Seniors

- Virtual assistant to combat loneliness.
- Daily motivational and conversational engagement.

Alternative Wellness Support

- Holistic therapy insights and recommendations.
- Wellness programs tailored to chronic disease management.

Health-Related Recall Alerts

- AI-powered reminders for check-ups, screenings, and vaccinations.
- Notifications for routine health assessments.

- Provides motivation for consistent health monitoring.

AI Dietitian Support

- Smart meal recommendations based on dietary needs.
- Personalized nutrition insights and food logging.

Community & Social Sharing Features

- Patients can **compare progress, share data, and interact with family & friends.**
- AI-powered peer support for motivation.

SaaS Model

This self-service model is designed for healthcare providers who want to manage their RPM/CCM programs independently using FitPeo's technology and devices.

Offerings:

- FitPeo App for RPM/CCM management.
- Provider and patient portals for seamless data integration.
- FDA-approved Bluetooth-enabled devices.
- Basic technical support and training.

Key Features:

- Providers handle clinical processes, patient onboarding, and billing.
- Low-cost entry point with subscription-based pricing.

Pricing

Subscription-based with scalable pricing depending on usage.

Target Audience:

Small clinics or healthcare providers with in-house resources.

SaaS+ Value Services Model

This enhanced model builds upon the SaaS Model by offering additional onboarding, patient engagement services, and advanced app features to improve outcomes and reduce operational burden.

Offerings:

- Everything included in the SaaS Model.

Onboarding Services

- Dedicated onboarding specialists.
- Comprehensive training and setup.
- Patient outreach campaigns and branded materials.

Engagement Services

- Automated reminders and alerts.
- Gamification tools to incentivize patient compliance.
- Micro-learning modules for patient education.

Advanced App Features

- Predictive analytics and AI-driven insights.
- Integrated care team messaging.

Key Features:

- Enhanced patient retention and engagement.
- Streamlined onboarding and clinical workflows.

Pricing

- One-Time Onboarding Fee: \$2,000.
- Monthly subscription cost based on the number of patients and advanced feature usage.

Target Audience:

Medium-sized clinics or healthcare providers requiring onboarding and engagement support.

Revenue-Sharing Model

A comprehensive, end-to-end solution where FitPeo handles all aspects of RPM/CCM, including clinical engagement and billing, allowing providers to focus entirely on patient care.

Offerings:

- Everything included in the SaaS+ Value Services Model.

Clinical Engagement Support:

- Dedicated clinical staff for patient monitoring and compliance.
- Patient adherence outreach services.

Billing Services:

- Complete claims management, including coding and reimbursements.
- Transparent revenue-sharing agreements.

Key Features:

- Hands-off solution with no operational burden on the provider.
- Maximized revenue potential through comprehensive service integration.

Pricing

Revenue-sharing agreement based on reimbursements (percentage retained by FitPeo).

Target Audience:

Medium to large healthcare organizations seeking full-service RPM/CC solutions.
