R1 + R2 + Crystal Clear Ampoules work synergistically to give patients the best results.

Core Ingredients: Artemisia capillaris extract / Dermatic AC3® / Herbcool / 10 Hyaluronic Acid Complex / Pseudoalteromonas Ferment Extract

Product Features: Even amidst the harsh winter, artemisia's enduring vitality facilitates a rapid recovery for acne troubles and sensitive skin. Enriched with Artemisia, this ampoule effectively alleviates acne and acne scarring, presenting the ultimate solution for fortifying your skin barrier.

Ingredient Highlight:

Artemisia Capillaris / Mugwort / Wormwood

- Calming, anti-inflammatory, antimicrobial, supports barrier repair, fights free radicals, slows premature aging.
- Ideal for sensitive, oily, acne-prone, redness-prone, and post-treatment skin.

Pseudoalteromonas Ferment (marine ferment extract)

- Hydrates and firms skin, stimulates collagen and elastin production.

Core Ingredients: Beta-glucan / 5 Centella Extract / Sodium Hyaluronate / Panthenol

Product Features: Infused with natural beta-glucan, this ampoule forms a protective skin barrier against external irritants and deeply moisturizes. Furthermore, it enhances skin elasticity, soothes irritation, and promotes to a healthy, nurtured complexion.

Ingredient Highlight:

Beta Glucan

- Gives intense hydration (20% more than hyaluronic acid) to plump skin, reduce fine lines, and restore glow.
- Rebuilds damaged, over exfoliated, irritated, dry, and flaky skin.
- Ideal for dehydrated skin, sensitive skin, mature skin, damaged skin barrier, and post-treatment skin.

Core Ingredients: PDRN(10000 ppm) / Lactobacillus & Bifida Ferment Lysate / 7 Peptides

Product Features: As the ultimate regenerative solution, this ampoule is enriched with a potent concentration of PDRN from salmon extract. It accelerates cell turnover, fortifies the skin structure, stimulates cellular activity, and promotes collagen synthesis, effectively addressing various skin concerns and revitalizing the skin.

Ingredient Highlight:

Lactobacillus & Bifida Ferment Lysate

- Promotes stronger and more resilient skin.
- Promotes better moisture retention and reduced skin sensitivity.
- Balances skin microbiome thereby reducing acne causing bacteria
- Ideal for sensitive skin, acne-prone, mature skin, damaged skin barrier, and post-treatment skin.

Ingredient Highlight:

Punica Granatum (Pomegranate Extract)

- Protects skin from UV damage, pollution, and premature aging.
- Boosts collagen production, improves skin elasticity, and reduces fine lines.
- Fades dark spots, hyperpigmentation, and acne marks.
- Calms inflammation and repairs skin barrier.
- Helps reduce acne.
- Ideal for dull skin, sun damaged skin, oily and acne prone skin, inflamed skin, and sensitive skin.

Hylocereus Undatus (Dragon Fruit Extracts)

- Hydrates and softens skin.
- Fades dark spots and boosts overall radiance.
- Calms inflamed pimples, skin redness, and inflammation.
- Improves skin barrier and balances sebum production.
- Ideal for dull and dehydrated skin, sensitive skin, acne-prone skin, and mature skin.

Core Ingredients: Hydrolyzed Collagen / 6 Peptides / 7 Hyaluronic Acid Complex
Product Features: This ampoule is enriched with high-quality, pure, low-molecular-weight collagen. This formula significantly improves skin elasticity, firmness, and reduces wrinkles. It also provides rich nourishment, adding moisture for a volumized and smooth complexion.

Core Ingredients: Punica Granatum Seed Extract / Niacinamide / Hylocereus Undatus Fruit Extract / Eriobotrya Japonica Leaf Extract
Product Features: With the infusion of pomegranate, this ampoule help to reduce damage from active oxygen, preventing hyperpigmentation and signs of aging. Enriched with abundant vitamins and minerals, it boosts skin immunity, fostering clear and transparent skin.

Core Ingredients: 5 Plant Extracts / 8 Complex Acids/Citrus Essential Oil
Product Features: Effective ampoule aids absorption, maximizing effect; pre-treatment ampoule gently removes skin keratin

PURE ARTEMISIA Cleansing

Core Ingredients:

Artemisia capillaris extract / Hamamelis virginiana leaf extract / Sophora flavescens root extract / Melaleuca alternifolia extract

Skin Types:

All skin types

Product Features:

- Cloud-like delicate foam that can cleanse the skin thoroughly.
- Gentle, antibacterial, anti-acne, anti-inflammatory, controls oil, and calming.

How To Use:

Use in first cleansing stage for all skin types or at-home facial cleansing & skincare.

Tip:

A home cleansing product that works well for both oily and dry skin.

Peeling Management Essential (Neutralizer)

Core Ingredients:

γ -PGA / Chamomilla Recutita Flower Extract / beta-glucan / Anthemis nobilis flower extract / centella asiatica extract

Skin Types: Damaged skin / Sensitive skin / Hot skin / Skin that needs regeneration

Product Features:

This gel is used to balance the pH level after the application of acid products. It rebuilds lipid barrier, reduces inflammation so the skin can repair faster.

It also minimizes side effects from excessive peeling, such as burning and stinging, while maintaining healthy and hydrated skin.

How To Use:

Apply an appropriate amount, perform cleansing motions, and rinse off.

Tip:

Neutralizing acid care and balancing skin pH for R1 Acid Kit.

RADIANCE RENEWING Marine Active Water

1000mL

Core Ingredients:

Sea water / Ceramide NP / Panthenol / Marine Algae Extracts

Skin Types:

All skin types

Product Features:

Rich in essential minerals and trace elements, it hydrates and maintains healthy skin.

How To Use:

Use after toner to maximize nutrient absorption of skincare products. When caring for red, sensitive, sunburned, or damaged skin during seasonal changes, use a gauze pad or cotton pad for wet compresses.

Tip:

Use as spray for dry skin, or add to soft mask powder for enhanced effect.

BLUE JEWEL AZULENE Toner

500mL

Core Ingredients:

Guaiazulene / Ectoin / Bifida Ferment Lysat / Chamomilla Recutita Flower Extract

Skin Types:

Sensitive skin / Inflamed Skin / Post-sun Exposure / Acne Prone

Product Features:

Helps cool down and reduce redness for feverish skin, and alleviate dryness and redness of the skin.

It also helps balance skin PH.

How To Use:

After cleansing, wipe the skin with the toner. This toner can also be used for wet compresses.

Tip:

For wet compresses or toner on sensitive, sunburned, acne prone, and post-procedure skin.

BLUE JEWEL AZULENE Water Gel

Core Ingredients:

Guaiazulene / Ectoin / 6 Centella Extract / Chamomilla Recutita Flower Extract

Skin Types:

Sensitive skin / Acne Prone/ Dry skin/ Hot skin / Skin that needs regeneration

Product Features:

It quickly soothes and cools down the skin. It also strengthens the skin barrier, and reduces redness, itching, and sensitivity.

How To Use:

After cleansing and applying toner to the skin, then apply the gel evenly all over the face.

Tip:

It can be used either as a cooling and hydrating mask after laser treatments.

It can also be used to soothe sunburn, as a leave-on overnight mask, or as an ultrasonic gel.

SPIRULINA Rejuvenating Mask

Core Ingredients:

Spirulina Platensis Powder / Centella Asiatica Extract / Chamomilla Recutita Extract / Hydrolyzed Collagen / Achillea Millefolium Flower Extract

Skin Types:

Oily Skin / Sensitive Skin / Inflammation / Damaged Skin / Hot skin / Dull Skin

Product Features:

Intensively hydrates, reduces heat, alleviates redness, dryness, itching, and promotes skin regeneration.

Provides mild firming and revitalization.

How To Use:

1. After cleansing, apply the serum.
2. Mix 50g powder with 80ml water, stir well, and then apply the mask.
3. Leave on for 15 to 20 mins before removing.

Tip:
