RENO CORP
DESIGN WITH PURPOSE • RENOVATE WITH PASSION

OUR VISION

At B&Y Reno Corp, our vision is to be the premier renovation company known for our unwavering commitment to quality, creativity, and customer satisfaction. Guided by our unwavering commitment to excellence, creativity, and customer-centricity, we aspire to be the foremost authority in the renovation industry. Our vision is to create living and working environments that inspire, empower, and enrich the lives of our clients, leaving an lasting legacy of beauty, functionality, and sustainability.

Through innovation, exceptional craftsmanship, and unwavering commitment to our clients, we strive to become the trusted partner of choice, setting new industry standards and creating spaces that bring joy, comfort, and productivity to all who experience them as a testament to our passion for design and dedication to exceeding expectations. We aspire to continue our growth, expand our services, and remain at the forefront of design and renovation trends, while always staying true to our core values of designing with purpose and renovating with passion.

ABOUT US

At B&Y Reno Corp, we understand that your home is more than just a place to live—it's a reflection of your unique style, personality, and values. That's why we approach every project with a deep understanding of our clients' desires, combining innovative designs with practical solutions to create spaces that are both functional and aesthetically pleasing.

With over 19 years of industry experience, we have been transforming homes and exceeding expectations since our establishment in 2004. As a leading renovation company, we specialize in kitchen and bathroom renovations, flooring installations, and legal basement developments.

At B&Y Reno Corp, we believe that every space should be designed with purpose and renovated with passion. Our dedicated team of skilled professionals combines innovative design solutions with superior craftsmanship to create beautiful, functional, and personalized living spaces that reflect your unique style and meet your specific needs.

-PORTFOLIO-

—TESTIMONIALS—

You guys are incredible designers, and we genuinely mean this. The detail and dedication that you applied to our closet and wardrobe needs was astonishing. We are so pleased with the outcome and can't wait to begin renovating our bedroom! Thank you so much and we look forward to continuing business with your establishment.

Jeremy - Toronto, ON

When we first decided to take the financial step towards renovating our basement storage we were concerned and weary as it was our first renovation, but we were so pleased with the exceptional work done by B&Y Renocorp and we are so excited about our new unit, and have received so many compliments! Thanks again for taking into consideration all our ideas and bringing it to life!

Melanie & Stephen - Oakville, ON

Thank you B&Y Reno corp and your staff for creating our entertainment paradise, you knew exactly what we wanted and incorporated us in the entire process. We spend so much time entertaining and finally we have the appropriate space to do so. We always refer you to our friends and family and truly believe you are the best at what you do.

Amal & Joey - Toronto, ON

The time, dedication and care that your professionals placed into our home is something we will never forget. We thank you for allowing us the autonomy to make changes and listen to our thoughts and ideas. We are very pleased with our new kitchen and absolutely love the creative and unique design elements your team customized for us! Thank you B&Y Renocorp

Janice & Ed - Burlington, ON

I just wanted to say what a pleasure it was dealing with you and your company. From our first appointment to discuss the project, the art work, the follow up, right down to the installation of our custom cabinets, and entertainment center. All of your employee's, and including yourself, showed the highest level of professionalism. The quality of your product, the care and respect that was shown for our home was greatly appreciated. I would highly recommend your company to anyone looking for quality workmanship. Please feel free to use us as a reference any time. It has been a pleasure doing business with you.

Steve & Sandy Hiles - Toronto, ON

CABINET CARE GUIDE

Cleaning advice for all door types including timber, painted & foil

- Do not use wax-furniture polish, abrasive or aggressive cleaners, bleach or other hypochlorite (chlorine) based cleaners, multipurpose cleaners, dilutes, acetone, alcohol, solvent or similar products on the door, as this will damage the surface; additionally wax and polishes leave a residue build up that is difficult to remove.
- Only use a 5% soap, 95% water (liquid soap) solution, wiping with a damp (not wet) cloth, finally drying with a soft clean cloth.
- Ensure all cooking splashes are wiped immediately with a damp cloth; and dust with a soft cloth only.
- Never use any abrasive pads or abrasive cleaners on the furniture. Spills and condensation on the fascias/panels should be cleaned and dried immediately.

Timber & Veneered Doors

Cleaning: when cleaning timber doors you must follow the pattern of the grain. It is advisable to use a damp (not wet) cloth to remove fingerprints and marks, followed at once with a clean and dry soft cloth.

Moisture: excess moisture can damage a timber product - it is recommended that susceptible areas such as around the sink are thoroughly maintained and kept dry at all times.

Light: timber changes colour when exposed to light. Light, lacquered surfaces also have a certain tendency to "yellow with age" depending on the exposure to light. The species of timber and intensity of exposure will affect the rate of change. Due to this we recommend that timber samples be changed regularly.

It is advised that colour change is taken into consideration when replacing or fitting new doors some time after the original kitchen has been installed.

Foil & High Gloss Finished Doors

Foil/Lacquer coated products are manufactured from the highest quality materials. Please be careful not to puncture the foil/melamine lacquered surface of your panels. These should be kept dry in order to prevent moisture ingress.

Your gloss doors will come with a protective film over the front. You should remove this only after they are installed as the curing process continues for around 72 hours after the film is removed. This means the doors will be liable to scratching and other marks. You should avoid cleaning the doors for at least a few days to prevent any marks appearing on the surface.

You should clean the doors with a soft damp cloth and a mild detergent. Never use any harsh or abrasive cleaners as this may damage the gloss surface of the door. Normal cleaning and polishing may leave minor scratches on the surface of the door, which is quite natural.

Moisture: Periodically clean the interior and exterior surfaces of the door using a soft, damp cloth. Wipe dry all surfaces after cleaning.

Use only cleaning agents that are intended for the materials used in your kitchen. Avoid any agents that contain ammonia, alcohol, bleach or an abrasive.

If the surface of the product is exposed to any oil based substance (for example olive oil, butter, margarine or cooking oil), the spillage

must be wiped away immediately to prevent staining. Grease marks caused by these oil-based products can easily be removed by use of a mild detergent, non-abrasive cleaner if used immediately after spillage has happened.

Abrasive cleaners are not recommended for this type of product. Do not expose the doors or panels to a temperature in excess of 60°C (140°F) (Approximately the temperature of washing up water).

Light: If the doors are supplied with a protective film on the face they must not be directly exposed to sunlight. Once installation is complete, carefully remove the protective film from the front of the fascia. We also advise that colour change is taken into consideration when replacing or fitting new doors some time after the original kitchen has been installed.

Painted Doors

Cleaning: it is advisable to use a damp (not wet) cloth to remove fingerprints and marks, followed at once with a clean and dry soft cloth. Any form of furniture polish or other cleaning products should be avoided.

Light: painted finishes will change colour when exposed to light - the intensity of exposure will affect the rate of change. Any colour samples and door samples provided should be used as a guide only and due to certain variables, may not provide an exact match to the finished painted product.

We also advise that colour change is taken into consideration when replacing or fitting new doors some time after the original kitchen has been installed.

WARRANTY

B&Y Reno Corp provides a warranty to the original purchaser, assuring that all cabinets, accessories, drawers, hinges, and flooring are free from any material and workmanship defects. The warranty period lasts for 5 years and commences from the day of service delivery. It is important to note that this warranty explicitly covers repair or replacement of the defective part, at the sole discretion of B&Y Reno Corp. Any damages caused by the owner are not included in this warranty.
