2nd QTR 2026 Newsletter

Dear Friends and Faithful Supporters:

Thank you for being onboard this ministry. Your participation is greatly appreciated, and we want you to know that your investment is not for naught. Just recently one of our supporters said that he considered his support an investment. I pray you do as well, and we are working to multiply your seed sown, and bring glory to our Lord Jesus Christ.

Since we have moved most of our ministry online, we urge you to keep up with our online presence. We have just launched a new website more directed to seafarers: seafarerlife.com. Also, we are working to make personal contact with seafarers through social media.

Another thing that we have done is establish a SeafarerLife Group that anyone can join and be directly involved in reaching seafarers through posting Scripture and personal testimonies. Look for our posts on whatever social media you use. Please like, follow and share. We posted today a comment to an article by the ITF (International Transport Federation) regarding the ill effects of the war in Iran on the lives of seafarers, even though they have nothing to do with the war. The very least that all of us can do is pray, and yet, that just could be the very best thing that we do.

We are still preaching at two churches: Scripture Truth Baptist Church and New Hope Independent Baptist Church. Pray for the one to have pastoral strength and wisdom and the other to find God's choice for their new pastor. We count it a privilege to help God's church wherever we can.

However, if the passive results from our website sermons and podcasts are any indication of what the future holds, we should expect great results in the future:
