

BE A
STEMFEST
EXHIBITOR!

MORGAN STATE UNIVERSITY STEM EXPO

featuring

OIC OF AMERICA
STEMFest
2026

**SATURDAY,
SEPTEMBER 26, 2026**
10 - 3 P.M.

MORGAN STATE UNIVERSITY
1700 E. Cold Spring Lane
Baltimore, MD 21251

Where **STEM Expo** meets **STEMFest** - a bigger day of discovery, innovation, and career exploration

WHAT IS OIC OF AMERICA STEMFEST?

A large community event that connects students and families directly with STEM employers, educators, and innovators through interactive exhibits and demonstrations.

WHAT DOES IT MEAN TO PARTNER AS AN EXHIBITOR?

STEMFest Partners **bring the magic** by showcasing hands-on activities that mimic their actual work in STEM fields. In turn, **students and families become familiar with the brands and leaders** innovating in their community, and students leave inspired to consider STEM as a trajectory.

Sample activities from past events include: making slime, robot battles, and flying drones.

Elevate your work and connect to the community at STEMfest! Need help choosing an activity? We can help!
