YOUR PARTNER IN AIR CARE

At Alen, air is what we do. We are a team of air care experts, and a trusted brand for all air quality needs—for HVAC and beyond. From quality day-to-day filtration to long-term air quality monitoring and air purification, consider us your business' partner in air care.

Want to see the difference? Alen offers pre- and post-implementation air quality monitoring to show a data-proven air quality improvement. Ask one of our sales reps to learn more at HVACsales@alen.com

PRODUCT DETAILS

- **24 sizes available** (one- and two-inch filter options)
- **Enhanced filtration efficiency** captures finer particles such as dust, pollen, mold spores, and pet dander to help improve indoor air quality while maintaining low airflow resistance for optimal HVAC performance.
- **Stronger frame integrity** and **enhanced media support** ensure consistent, secure filtration and system protection.
- **Made in the USA**
