AFFIDAVIT OF WILLIAM PEAVOY

Civil No. 150908687

Judge: James Gardner

The undersigned, William Peavoy, being first duly sworn, deposes and says:

1. I am over the age of 18 years and am competent to testify in the above referenced matter.
2. I am a graduate of George Wythe University.
3. I received my degree in Statesmanship & Entrepreneurial Business in September of 1999.
4. I enrolled in George Wythe University after completing two years at other universities because I found it to be more focused on real learning than busywork and grades.

Comparatively, every class at George Wythe University was more relevant, more intellectually stimulating, and I found the entire experience more rewarding.

5. I was keenly aware that George Wythe University was not an accredited institution and understood that its status could affect the marketability of my educational background. Further, I was personally involved in the marketing efforts of the school and can attest that the marketing team labored to ensure that every other student and prospective student were equally aware of the school's unaccredited status.

6. Despite its less than mainstream status, I still chose to enroll in the school and I was extremely happy with the education I received there.

7. With the knowledge and skills I gained at George Wythe University I have successfully taught history and leadership full-time at a public charter school, I have managed two separate corporations with over 20 employees each, I ran a successful election campaign for my current position as a municipal officer and I have recently been accepted into a master's degree program at the accredited University of Guelph in Ontario, Canada.

8. I attribute a significant amount of the quality education at George Wythe University to Oliver Demille. He was an amazing educator, an inspiring man and continues to be an indispensable mentor.

9. I am shocked and saddened by the attacks "my university" has levelled at a person I so deeply admire.

10. I have personally read my school's October 16, 2015 article titled "GWU's Final Chapter- The Cleansing of Valid Degrees" and it is my firm desire that the article be removed.
