Your Agenda

In our first week, we lay the groundwork for an amazing journey. You'll learn, and work on the fundamentals of your business growth and the 'Be x Do = Have' formula for success. Get ready to absorb step-by-step knowledge that will empower you to grow your business. You'll be introduced to the six key steps to grow your business, and we've even got some homework assignments to make your growth journey engaging and proactive!

Point Of Power

Ever wondered why some businesses thrive while others struggle? It's all about the Point of Power! You'll discover how negative behaviors like blame, excuse, and denial only hold you back. Above that point lie positive behaviors like ownership, accountability, and responsibility, which are essential for your growth and your business's growth. Staying above the Point of Power is your ticket to effective learning and massive business development.

Failure to Participate

You'll learn and integrate the ActionCOACH framework, "The Only Way To Fail Is By Failing to Participate". It's all about you taking action and learning from it. Every step you take, even if it doesn't result in immediate success, is a golden opportunity to learn and grow. Buckle up because this 12-week program is your journey to both winning and learning!"

Teach You to Fish

You'll be happy to know that we believe in teaching you to fish rather than handing you the fish. Coaching is the name of the game! Just like teaching someone to fish, we'll help you become a better businessperson.

Prepare to sharpen your skills through education and coaching. Isn't That Interesting: Say goodbye to the limiting phrase "I know" and replace it with "isn't that interesting." The key to success is continuous learning. Stay open to new knowledge, and you'll avoid complacency.

There's always more to discover, and we're here to help you unlock it and make your business really fly! Fun: Business should be enjoyable! If it's not, something might be amiss. You'll discover how to combine learning with fun to make your journey not only effective but also fulfilling. Get ready to smile and grow together!"
