

The Multiplier Leader Intensive

From Doing the Work to Building the Leaders Who Do It.

Take leaders through the entire Multiplier model in one working day — the inner shift, the relational tools, and a real delegation — so they leave not just convinced but equipped, with one decision released and a personal Multiplier Plan.

LEVEL

Multiply · The Multiplier Leader Track

FORMAT

Full-Day Workshop (≈ 6.5 hours)

BEST FOR

Intact leadership teams and executives who are the bottleneck

THE BUSINESS PROBLEM

The most capable leaders rarely fail loudly — they become the constraint on their own organization. Decisions route through them, their team defers instead of deciding, and growth flattens at the ceiling of one person's capacity while nothing looks visibly wrong.

A single day is enough to make the shift stick — if it moves from inner work to real tools to a built delegation. The Multiplier Leader Intensive is that day: the complete model, taught and applied, so leaders leave with the mindset, the habits, and one real hand-off already designed.

BEST FOR

- ▶ Intact leadership teams — delivered in-house and applied to real roles and decisions (highest impact)
- ▶ Founders and CEOs who are the bottleneck and ready to make the shift
- ▶ Executive cohorts who want the entire model in one day
- ▶ Leaders scaling past their own capacity, where growth needs others' judgment

EXPECTED OUTCOMES

- ▶ See the ceiling and make the identity shift from operator to multiplier
- ▶ Bring a steadier presence and build trust as infrastructure
- ▶ Run conversations and meetings that develop leaders
- ▶ Delegate a real decision with the seven-layer Blueprint
- ▶ Leave with a personal, sequenced Multiplier Plan

WHAT PARTICIPANTS WILL LEARN

- ▶ Diagnose the constraint and make the operator-to-multiplier shift
- ▶ Reset the energy you carry and build trust that holds
- ▶ Rebuild communication and meetings around ownership
- ▶ Delegate decisions, not tasks, with the Delegation Blueprint
- ▶ Build ownership and alignment, and practice the release that multiplies

SIGNATURE FRAMEWORKS

- **The Leadership Ceiling & The Multiplier Shift** — See the constraint and make the identity shift from operator to multiplier.
- **The Multiplier Energy & Trust That Scales** — Steady the presence and infrastructure delegation depends on.
- **The Communication Triangle & The Multiplier Meeting** — Developmental conversations and meetings that surface ownership.
- **The Multiplier Delegation Blueprint** — Anchor Framework. Seven layers that transfer a decision without losing standards.
- **Ownership, Alignment & The Release** — Make delegation durable, aligned, and multiplied through leaders who lead leaders.
