

Fort Worth, TX

## **PH4U NURSE SONOGRAPHER POSITION DESCRIPTION**

### **Position Summary**

The Nurse Sonographer (RN, Sono Tech, or RDMS) team member plays a vital role in delivering compassionate, high-quality medical care to our patients while upholding the life-affirming mission of Pregnancy Help 4 U. Serving under the direction of the Nurse Manager and Medical Director, this role blends clinical excellence with heartfelt ministry—offering medical services, education, and support to women and families in our community.

### **Reports To**

Nurse Manager

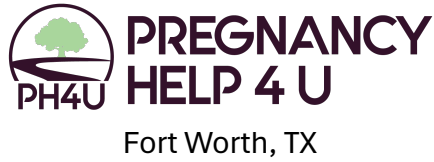

### **Status**

Part-Time or Full-Time | Non-Exempt

## **Qualifications & Commitment**

The ideal candidate is called not only to clinical care, but to mission-driven service. Applicants must:

- Be a committed Christian with a personal relationship with Jesus Christ as Savior and Lord
- Demonstrate a strong commitment to the sanctity of all human life
- Uphold a lifestyle that reflects sexual integrity and purity
- Affirm and support Pregnancy Help 4 U's Statement of Faith, Statement of Principle, Vision, and Mission
- Hold a current, active nursing license (RN) and practice in accordance with state licensing requirements
- Preferably have two years of experience in limited obstetrical ultrasounds (Sono Tech or RDMS)
- Preferably have two or more years of experience in a pregnancy resource center or related setting
- Possess strong interpersonal, organizational, and administrative skills
- Demonstrate solid knowledge of pregnancy, abortion, sexually transmitted infections, and related health concerns

## Why You'll Love Working Here

At Pregnancy Help 4 U, your work truly matters. This is more than a medical role—it's an opportunity to combine your clinical skills with your faith to make a lasting impact in the lives of women, men, and families.

- **Mission with Meaning** – Every patient encounter is an opportunity to protect life, offer hope, and reflect Christ's love through compassionate, ethical medical care.
- **Faith-Based, Life-Affirming Environment** – Work alongside a team that shares your values, prays together, and supports one another spiritually and professionally.
- **Patient-Centered Pace** – Enjoy the ability to provide unrushed, respectful care where education, dignity, and trust are prioritized over productivity quotas.
- **Supportive Leadership & Team Culture** – You'll be encouraged, valued, and equipped by leadership that understands both ministry and medicine.
- **Professional Growth Opportunities** – Grow your clinical skill set through ongoing training, plus qualified candidates have the **potential to receive ultrasound training**, even if you are not currently certified.
- **Flexible Part-Time Schedule** – Serve in a role that allows you to balance work, family, and calling. Full-time schedules are also available.
- **Eternal Impact** – Few healthcare roles allow you to see such immediate and meaningful outcomes—supporting life-affirming decisions that echo far beyond the exam room.

If you are called to serve with excellence, compassion, and conviction, you will find purpose, community, and fulfillment at Pregnancy Help 4 U.

---

## Essential Responsibilities

All duties are performed in accordance with established medical policies and procedures, under the authority of the Medical Director.

### Patient Care

- Provide medical services within scope of training and licensure, including medical consultations, pregnancy testing, limited obstetrical ultrasounds and STI testing/treatment
- Clearly explain all medical consent forms and ensure patient understanding prior to services
- Accurately document patient care and maintain confidential medical records
- Educate patients on pregnancy options, sexual health, and related topics in a compassionate, non-judgmental manner

Fort Worth, TX

- Provide appropriate referrals for follow-up medical care and community resources
- Respond to client phone calls and emails requesting nursing support
- Conduct follow-up calls with patients as needed

### **Medical Services Operations**

- Implement and adhere to clinic medical policies and procedures
- Ensure proper operation, cleaning, and maintenance of medical equipment
- Maintain a clean, safe, and sanitized exam room environment
- Follow established protocols for medical emergencies
- Perform other duties as assigned by Nurse Manager or Client Services Director

### **Continuing Education & Professional Development**

- Maintain an active nursing license and meet all state and professional continuing education requirements
- Maintain current CPR certification
- Attend pregnancy resource conferences and trainings as opportunities allow
- Obtain and maintain additional certifications as requested

---

**If you feel called to use your medical skills to serve women, protect life, and share hope, we invite you to apply. Send your resume to [krystal@ph4u.org](mailto:krystal@ph4u.org).**
