YOUR GUIDE TO THE BASICS

Medicare at a glance

Understand the parts. See how your options fit together.

THE BUILDING BLOCKS

A — Hospital insurance
Helps cover inpatient hospital care, skilled nursing facility care, hospice and some home health care. Coverage conditions apply.

B — Medical insurance
Helps cover doctor visits, outpatient care, preventive services and durable medical equipment.

C — Medicare Advantage
A Medicare-approved private plan providing Part A and Part B benefits, usually with Part D. May offer dental, vision or hearing benefits.

D — Prescription drug coverage
Helps pay for covered prescriptions. Available as a separate private plan or included in most Medicare Advantage plans. Drug lists and costs vary.

+ — Medigap | Medicare Supplement
Helps pay certain Original Medicare costs, such as copayments, coinsurance and deductibles. New policies do not cover prescription drugs.

TWO MAIN WAYS TO GET YOUR COVERAGE

Original Medicare

PART A + PART B

Can add a separate Part D drug plan and Medigap (if eligible). Use any U.S. doctor or hospital that takes Medicare.

No yearly cap on out-of-pocket medical costs without supplemental coverage.

Medicare Advantage

PART C: A + B, USUALLY D

Networks and prior authorization may apply. Plans cap yearly out-of-pocket costs for covered Part A and B services.

Keep paying your Part B premium. Medigap does not work with Part C.

TIMING MATTERS

New to Medicare? The usual age-65 sign-up window spans 7 months: 3 before your birthday month, that month and 3 after. Delaying may cause penalties; exceptions apply.

Medigap: Your one-time federal 6-month window starts when you are 65 or older and have Part B. Later, health underwriting may apply unless you have protected rights. State rules vary.
