Dr Robert Sapeta

BSc, BDS (Lond)

Dr Robert Sapeta is a General Dental Practitioner with over 16 years' clinical experience across NHS, private, community dental services, and prison dental services. His practice encompasses preventive, restorative, cosmetic, and emergency dentistry, with significant experience managing vulnerable patients, patients with special needs, and those requiring treatment under sedation.

Alongside his clinical work, Dr Sapeta has held senior leadership and operational roles within community and custodial dental services, combining hands-on patient care with oversight of clinical standards, governance, and service delivery. He provides objective, evidence-based medico-legal opinions within the scope of general dental practice, including standards of care, consent, record-keeping, treatment planning, and the management of vulnerable patient groups.
