Dr Mohamad Yakoob Wani

MRCEM, FRCEM, MCGI

Dr Mohamad Yakoob Wani is a Consultant in Emergency Medicine with over 15 years' experience in high-acuity emergency care, clinical governance, and service transformation. He has extensive expertise in sepsis management, deteriorating patient pathways, emergency department redesign, and patient safety, alongside specialist experience in medico-legal review and MHPS investigations.

He is an MHPS-trained Case Investigator and Case Manager and regularly undertakes complex capability, conduct and performance investigations, producing structured, defensible reports for governance, HR and legal panels. He also has direct experience representing NHS Trusts at Coroner's Inquests and preparing injury statements for police. Dr Wani provides clear, balanced and evidence-based medico-legal opinions grounded in senior consultant-level emergency medicine practice.

My Profile & Key Experience

Areas of Expertise

- Emergency medicine & high-acuity care
- Sepsis and deteriorating patient management
- Clinical governance, risk assessment & RCA
- MHPS investigations (capability, conduct & performance)
- Coroner's Inquests and medico-legal reporting
- Digital health & AI safety evaluation
- Pharmacology & therapeutic safety
- Service redesign & ED flow optimisation

Reporting Profile

Average Turnaround: 2-4 weeks *subject to complexity of cases

Court Experience: Regular attendance at Coroner's Inquests; preparation of injury statements for police; experience providing expert opinion to governance and legal panels

Compliance: Reports prepared in accordance with CPR Part 35, GMC guidance, MHPS frameworks, and NHS governance standards

Strengths:
