Dr Sabrina Pietromartire

MBBCh, FCPsych (SA), PGDip (Clinical Neuropsychiatry)

Dr Sabrina Pietromartire is a highly experienced Consultant Psychiatrist with over 20 years' consultant-level practice across general adult psychiatry, inpatient and community services, crisis teams, PICU, psychiatric rehabilitation and prison mental health services within the UK.

She has been on the UK Specialist Register in General Adult Psychiatry since 2005 and is an Approved Clinician with extensive experience in the application of the Mental Health Act and Mental Capacity Act across England, Wales and Scotland.

Dr Pietromartire has undertaken postgraduate training in clinical neuropsychiatry and has extensive experience in the assessment and management of neuropsychiatric complications of acquired brain injury, including psychiatric, cognitive and behavioural sequelae, across inpatient rehabilitation and community settings. Her neuropsychiatric work has focused specifically on acquired brain injury rather than general neuropsychiatry services (for example epilepsy or multiple sclerosis clinics).

She provides clear, balanced and independent medico-legal opinions grounded in senior consultant-level NHS and independent sector practice.

My Profile & Key Experience

Areas of Expertise

- General adult psychiatry
- Neuropsychiatric (psychiatric, cognitive and behavioural) complications of acquired brain injury
- Inpatient, PICU, CMHT, crisis and rehabilitation psychiatry
- Prison psychiatry
- Mental Health Act and Mental Capacity Act
- Risk assessment and management
- ADHD assessment

Reporting Profile

- Average Turnaround: 2-4 weeks *subject to complexity of cases
- Court Experience: Regular preparation of reports for Mental Health Tribunals and Hospital Managers' Hearings; experienced hearing attendee
- Compliance: Reports prepared in accordance with CPR Part 35, GMC guidance, Mental Health Act and Mental Capacity Act requirements
- Strengths: Extensive consultant-level experience across diverse psychiatric settings; specialist expertise in acquired brain injury-related neuropsychiatry and complex risk presentations; clear, structured and balanced written opinions; deep working knowledge of UK mental health legislation. Dr Pietromartire undertakes medico-legal work strictly within her areas of clinical expertise.

Qualifications
