Mr Alastair G Dick

MA, MSc, FRCS (Tr & Orth)

Mr Alastair Dick is a Consultant Orthopaedic Surgeon specialising in hip surgery, with particular expertise in young adult hip disorders, hip preservation surgery, and complex arthroplasty. He holds substantive consultant appointments at University College London Hospitals NHS Foundation Trust and the London Hip Unit (HCA UK), and has comprehensive experience in lower limb trauma, including major trauma centre management of complex polytrauma and pelvic injuries.

He has a strong academic and educational background, holding a Master's degree in Clinical Education and an MSc in Trauma and Orthopaedics. He has published extensively in peer-reviewed orthopaedic journals including the BMJ and Journal of Hip Preservation Surgery, and regularly presents at national and international meetings. Mr Dick provides clear, structured, evidence-based medico-legal opinions grounded in contemporary consultant-level orthopaedic practice.

My Profile & Key Experience

Areas of Expertise

- Hip surgery
- Young adult hip disorders
- Hip preservation surgery
- Periacetabular osteotomy (PAO)
