Mr David Alexander Iles

MBChB, BSc, MRCOG, MD

Mr David Iles is a Consultant Subspecialist Urogynaecologist and Clinical Lead at a high-volume tertiary service within Manchester University NHS Foundation Trust. He has over 20 years' clinical experience in obstetrics and gynaecology, with advanced subspecialist practice in urogynaecology.

He has extensive expertise in pelvic floor disorders, urinary incontinence, prolapse surgery and complex mesh complications, including high-risk and revision cases. His practice also includes childbirth-related pelvic floor trauma, including obstetric anal sphincter injury (OASI). He is a member of the St Mary's Mesh Complications Service, one of the largest in the UK.

Mr Iles provides independent medico-legal opinion in cases involving pelvic floor surgery, mesh complications, childbirth-related injury, consent and surgical outcomes. He has completed formal expert witness training through Cardiff University and Bond Solon.
