Mr Jaskarn Singh Rai

BPharm, MBChB, FRCS (Urol), DM

Mr Jaskarn Rai is a Consultant Urological Surgeon with subspecialist expertise in female urology, andrology and genitourethral reconstruction. He has been a Consultant at Leicester General Hospital since 2016 and manages complex tertiary referrals across the East Midlands.

His clinical practice focuses on urinary incontinence, neuro-urology (including cauda equina syndrome), reconstructive urethral surgery and complications of pelvic floor and mesh surgery. He performs advanced procedures including vesicovaginal fistula repair, urethral reconstruction and removal of mesh from the bladder and urethra.

Mr Rai has an established medico-legal practice and accepts instructions in both clinical negligence and personal injury cases. His work includes assessment of urological injury, surgical complications, functional disorders and post-injury urological outcomes.
