Mr Ased Ali

BSc (Hons), MBChB, PhD, FRCS (Urol)

Mr Ased Ali is a Consultant Urological Surgeon with subspecialist expertise in female and functional urology, neuro-urology and reconstructive urology. He has been a Consultant since 2016 and manages complex tertiary referrals, including patients with neurological disease, spinal cord injury and post-cancer pelvic dysfunction.

In addition to his clinical role, he holds a senior global leadership position in MedTech, overseeing medical affairs, clinical development, post-market surveillance and regulatory strategy. This dual clinical and industry perspective enables him to provide highly detailed, evidence-based medico-legal opinions, particularly in complex cases involving devices, catheterisation, infection and long-term outcomes.

He accepts instructions in both personal injury and clinical negligence cases and provides clear, structured reports in accordance with CPR Part 35.

My Profile & Key Experience

Areas of Expertise

- Neuro-urology (spinal cord injury, cauda equina, neurological disease)
- Female and functional urology
- Urinary incontinence and voiding dysfunction
- Pelvic floor surgery and continence pathways
- Catheter-related injury and complications
- Urological trauma and post-injury dysfunction
- Iatrogenic urinary tract injury (bladder, ureteric injury)
- Reconstructive urology following cancer or pelvic surgery

Reporting Profile

Average Turnaround: 2-4 weeks *subject to complexity of cases

Instruction Ratio: 75% Claimant / 25% Defendant

Court Experience: Prepared to provide medico-legal reports and attend court if required.

Compliance:

Reports prepared in accordance with:

- CPR Part 35
- Practice Direction 35
- Protocol for the Instruction of Experts

Strengths:

- Subspecialist expertise in neuro-urology and complex functional urology
- Strong experience in complex causation (neurological injury, trauma, devices)
- Extensive governance, risk and serious incident review experience
- MedTech leadership providing insight into device-related litigation
- Clear, structured and evidence-based reporting style

Qualifications

CCT in Urology – GMC (2016)

FRCS (Urol) – Royal College of Surgeons of England (2014)

PhD (Immunology) – Newcastle University (2013)

MBChB – University of Manchester (2002)

BSc (Hons) Immunology & Oncology (1999)
