## **Dr Ahmed Iqbal**

MBBS, BSc (Hons), MRCP (Endocrinology & Diabetes), PGCE, PhD, FRCP

Dr Ahmed Iqbal is a Consultant in Diabetes, Endocrinology and General Internal Medicine, and a Senior Clinical Lecturer at the University of Sheffield.

He has extensive expertise in the management of diabetes, hypoglycaemia, and endocrine disorders, alongside a strong academic background, including a PhD funded by the Medical Research Council focusing on hypoglycaemia and cardiovascular risk.

Dr Iqbal is an internationally recognised clinician-researcher, having received multiple awards including the “Rising Star in Diabetes” international award and national research fellowships.

He is actively involved in national diabetes research strategy groups and has contributed to clinical research, teaching, and guideline development at a national level.

Dr Iqbal provides expert opinion in diabetes and endocrine-related medico-legal cases, delivering clear, evidence-based, and well-structured reports
