Dr Mark Haden

MBBS, MA (Oxon), FRCER, MSc Medical Toxicology (Distinction)

Dr Mark Haden is a Consultant in Emergency Medicine at St George's Hospital, London, one of the UK's leading Major Trauma Centres. He has over 8 years of Consultant experience in Emergency Medicine and Major Trauma and has been undertaking expert witness and clinical negligence work for over 6 years.

His clinical practice encompasses the assessment and management of acutely unwell and injured patients presenting to Emergency Departments, including major trauma, toxicology, poisoning, pre-hospital emergency medicine, major incidents and complex emergency care pathways. Dr Haden is Trust Lead for Major Incidents and Clinical Lead for several specialist services including the Drug & Alcohol Liaison Team, Homelessness Inclusion Team and High Intensity User Programme.

Dr Haden holds a Distinction MSc in Medical Toxicology from Cardiff University and has undertaken extensive research into novel psychoactive substances, poisoning and emergency medicine. He has completed formal medico-legal training including Excellence in Medico-Legal Report Writing.
