

DidYouGo

FIRST TIME USER INSTRUCTIONS

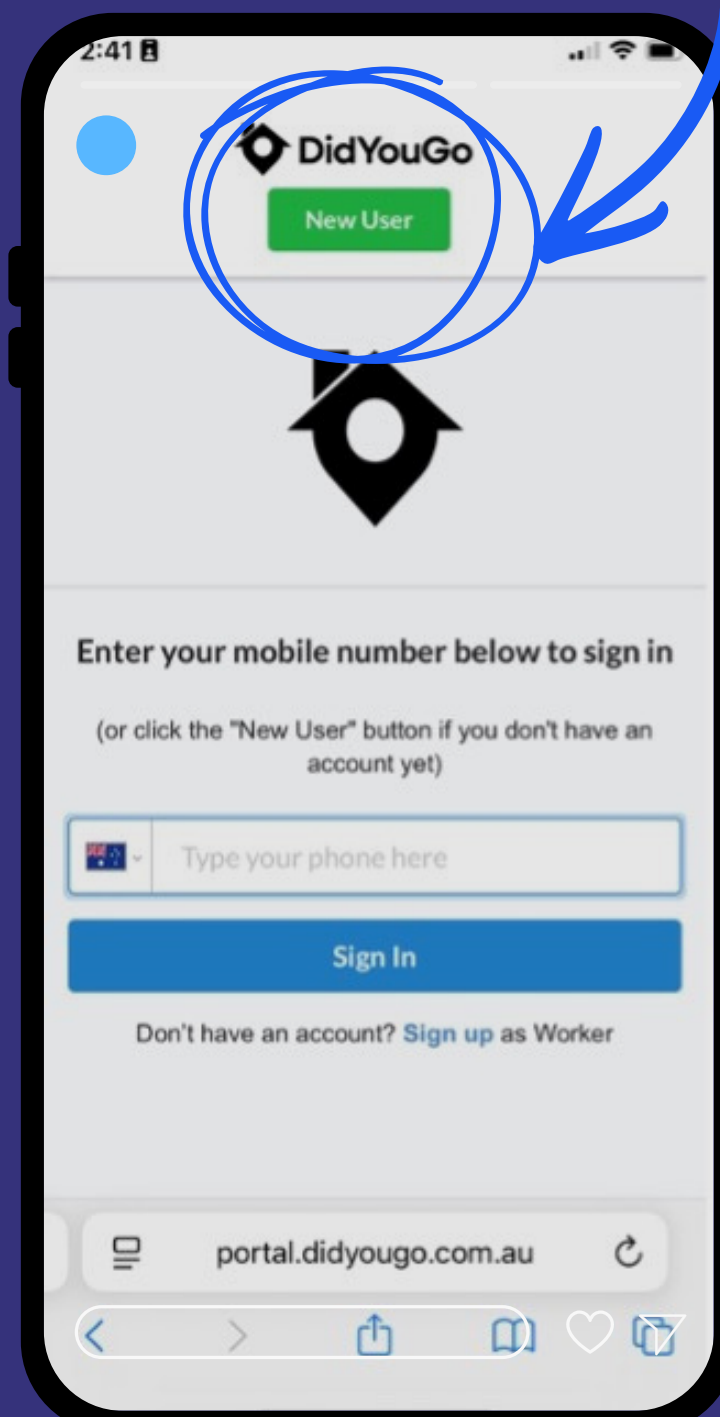

Using **DidYouGo** for **service confirmation** is as simple as scanning a clients QR code which will guide you through setting yourself up as a user for the first time, then simply scanning QR codes to sign in and sign out of any services after that...

Step 1

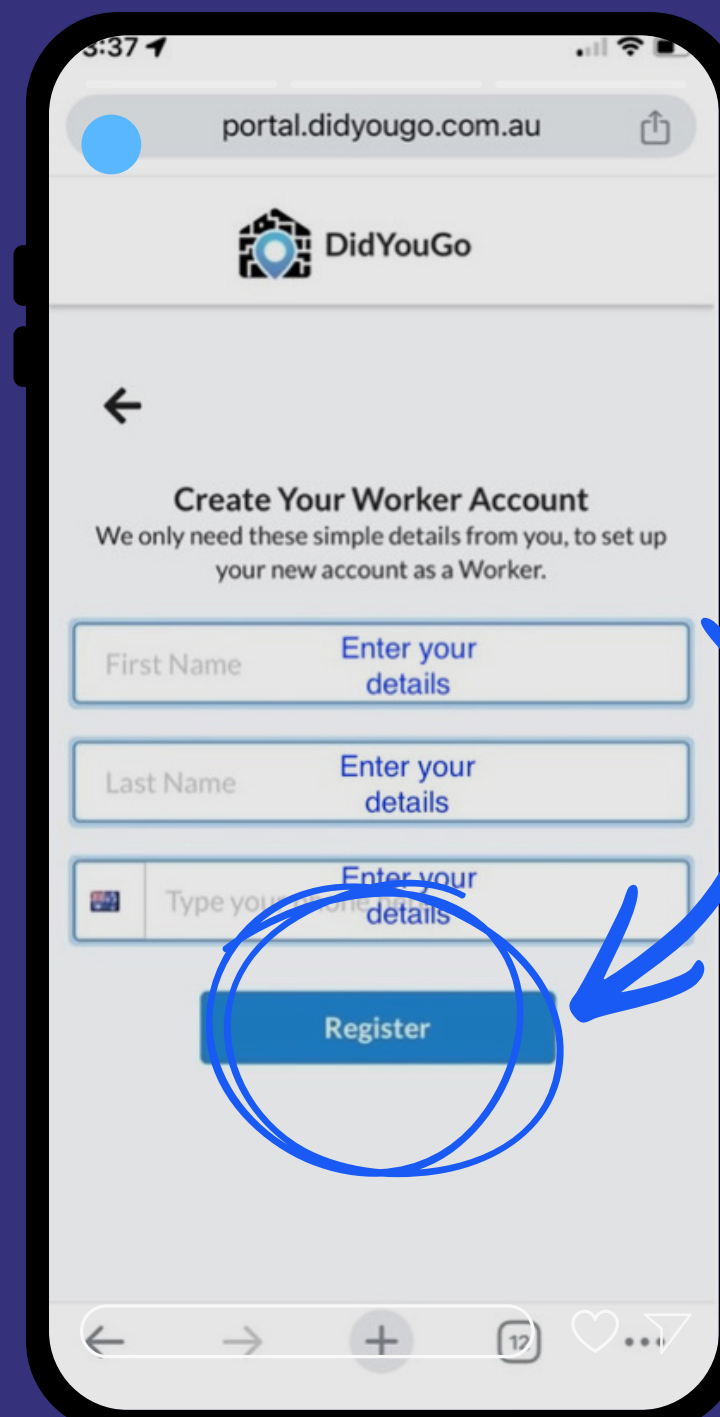

Scan the client's QR code with your phone's camera

Step 2

Step 3

Step 4

Scan the client's QR code again to sign in and sign out

After registering the **first time**, all you'll need to do is **scan to sign in and out for all service confirmations**
