About:

Andy Duluc was juggling the responsibilities of being an administrative assistant while dreaming of building a scalable business that aligned with his bigger vision. Although ambitious and deeply motivated, he struggled with time management and lacked the foundational structure to confidently launch and grow a business.

That changed when Andy joined the **Elevation Coaching Program**. Through 12 weeks of structure, clarity, and accountability, Andy not only built his first business—he used the program to launch a second one, unlocking new income streams and a greater sense of purpose.

CHALLENGES:

Andy's challenges mirrored those of a full-time professional striving to step into entrepreneurship without a clear roadmap:

- **Time Constraints:** Balancing a demanding full-time job with his business goals left him stretched thin.
- **Lack of Structure:** Unsure how to build his business from scratch or where to begin.
- **No Accountability:** Needed support to stay focused, motivated, and consistent.
- **Unclear Vision:** He had the passion—but not the plan—to build something scalable.

SOLUTION:

Andy enrolled in the Elevation Coaching Program, a 12-week container designed to bring structure, clarity, and community to entrepreneurs and aspiring business owners.

Through the program, he gained:

- **Business Clarity & Structure:** He finally had the blueprint to build not one, but two businesses with clear goals and milestones.
- **Accountability & Support:** Weekly WAM (Weekly Accountability Meetings) kept him focused and inspired.
- **Confidence to Launch:** Andy overcame hesitation and started taking consistent action.
- **Momentum & Growth:** With new systems and mindset, he launched two businesses and began locking in contracts.

RESULTS:

"Launched a second business, expanding his income streams and client reach."

- ✓ Launched two businesses
- ✓ Secured some significant contracts for my business
- ✓ Built a consistent business structure
- ✓ Increased focus, clarity, and confidence
- ✓ Established visibility and authority online

FROM ONE BUSINESS TO TWO: ANDY DULUC'S ELEVATION TO SUCCESS

What challenges were you facing that led you to seek a solution?

I lacked the proper structure to begin my business. Another challenge that I faced was time management.

How did you evaluate potential solutions, and why did you choose Dr. B and the Elevation Group Coaching Program?

I chose Dr B's program because of the transparency that Dr B uses in his program. Upon meeting I felt like Dr B has a passion for helping others reach their goals. The structured approach with the 12 week year along with the accountability of the calls was a game changer.

What were the key results or benefits achieved after implementing what you learned in the Elevation Group Coaching Program?

As the program went on I was able to use each week to focus on a specific part of my business and apply the weekly lessons in my goals. I have achieved great results in my start up. Through networking alone and putting a structure in place, I've been able to secure some significant contracts for my business.

What would you tell someone considering a similar solution and assistance in raising capital or scaling their business?

Investing in this program was something that I'd recommend to anyone honestly. In Elevation throughout the 12 weeks, we challenged each other to reach goals, Dr B pushed us, and we all saw massive growth. This is a one stop shop to growing your business.
