- **To be known** for organizing an event that people still talk about years after.
- Something that's **easy to organise** and doesn't take you away from your busy day-to-day activities and means you can leave work on time for once!!?
- To relax during the activity, watch the staff having fun and **feel accomplished?**
- To surprise everyone with a **unique** solution to unite staff
- To work with a company that **understands** what you need & does what they say they'll do!?
- A **memorable** event for all the right reasons!?

OPTION 1 Ice Breaker - Body Percussion (10 minutes)

Strip-back the technology and let's go back to basics! Imagine the reaction of the audience when the ironic 'motivational speaker' does not utter a single word yet speaks volumes about teamwork through the power of rhythm. This refreshing and creative approach is more powerful than words.

If you have just a few minutes available, we can get toes tapping, hands clapping and build teams through the original musical instrument - the human body. It's simple & effective. African Beat can have delegates making music together with no props and no words... and in no time! Our African drummers are experts in rhythm, they know how to break it down, and build it up!

OPTION 2* Interactive Drumming* (Up to 60 minutes)

Participants are greeted with vibrant African drumming and immediately embark on their musical journey with African Beat authentic, professional performers. Their mood is lifted, and with an electric atmosphere in the air, everyone begins to drum along as the energy of the drumming creates excitement and smiles all round.

African Beat's Master Drummer guides the group to play a variety of different African beats, layering sounds and rhythms, bringing everyone together in harmony. In between learning how to master the drum, attendees will also use their own body as a percussive instrument. There will be light hearted, amusing actions along the way to ensure everyone is having fun!

Take pleasure in watching participants transform from individuals who see each other as work associates to a unified percussion orchestra, laughing, enjoying themselves and opening up to each other as human beings. Our talented performers will showcase their drumming and dancing solos to add a fantastic "wow" factor to the event.

No prior experience is necessary! This is a great way to have fun and bring staff together through the power of drumming.
