

Roof Cleaning Checklist

Pre Cleaning

- ☐ Take all safety precautions (safety glasses, gloves, mask, etc.)
- ☐ Take photos
- ☐ Cover any sensitive plants
- ☐ Cover any areas that you don't want cleaned (example: dirty driveway, siding, etc.)
- ☐ Mix cleaner with accelerator
- ☐ 1 gallon cleaner with one 12 oz. bottle of accelerator. For a 5-gallon bucket, use five 12 oz. bottles.
- ☐ Mix for 60 seconds with mixing paddle and drill
- ☐ Pour into sprayer

During Roof Cleaning Application

- ☐ Spray mixed cleaner onto the surface to be cleaned. Apply product thoroughly.
- ☐ You will see it begin to foam up.
- ☐ Wait approximately 15 minutes.
- ☐ Rinse off with water at approximately 50-100 PSI.
- ☐ For heavily stained areas, a second application may be needed.

Post Cleaning Checklist

- ☐ Rinse off any runoff thoroughly
- ☐ Clean out sprayer with fresh water
- ☐ Remove any covers from the jobsite
- ☐ Take after photos
- ☐

Roof Sauce Checklist

Pre Roof Sauce Application

- ☐ Take all safety precautions.
- ☐ Take before photos.
- ☐ Clear roof of any debris or clean roof if needed.
- ☐ Ensure roof is dry. (Roof may be slightly damp prior to application.)
- ☐ Move or cover any vehicles within the over-spray radius of approximately 150 feet.
- ☐ Be mindful of over-spray and take necessary precautions.
- ☐ Place a tarp on the driveway in case of any spillage.
- ☐ Mix 5 gallons of Roof Sauce with a paddle mixer and drill for 2 minutes.
- ☐ Pour into tank, add 10 gallons of water, and mix thoroughly. Yields 15 gallons and covers approximately 40 squares.
- ☐ Start machine and run water out of the hose until Roof Sauce is coming out.
- ☐ Set pump to approximately 100 PSI and 5 gallons per minute.

During Roof Sauce Application

- ☐ Apply evenly; be sure to cover all shingles.
- ☐ Avoid puddling.
- ☐ Avoid spraying siding, windows, gutters, and fascia.
- ☐ Roof Sauce will appear milky and will dry clear within 60 minutes.
- ☐ Avoid walking on treated areas during the first 60 minutes.

Post Roof Sauce Application

- ☐ Drain remaining Roof Sauce mix into a 5-gallon bucket and seal for future use. (Use within 30 days.)
- ☐ Wash out tank and run clean water through the hose until clean.
- ☐ Remove any plastic covers, tarps, etc.
- ☐ If any Roof Sauce over-spray occurs, clean it with soap and water.
- ☐ Take after photos.
- ☐
