Who is DCPI?

Dynamic Church Planting International (DCPI) is a 501(c)3 non-profit organization founded in 1994 with the vision of training leaders to plant 5 million churches, in every country of the world to reach the world for Christ.

We offer church planter trainings built upon biblical principles and actionable applications, so DCPI church planters are confident and equipped and their churches are effective and healthy. In 2021, we celebrated the planting of 1 MILLION churches!

A LETTER FROM THE PRESIDENT

Hello Friend of DCPI!

We're here with a bold and God-sized vision: **"Equipping leaders to plant 5 million dynamic churches to reach the world for Christ."**

Praise God for the remarkable ways He has moved through this ministry around the world! As of the end of 2025, DCPI has trained 660,020 leaders in 191 countries. These leaders are serving on the front lines of Gospel advancement—planting churches, developing disciples, raising new leaders, and bringing hope to communities around the world.

In 2025 we trained 64,979 leaders.

Behind every leader trained is a story of transformation. Across cities, villages, refugee communities, university campuses, and unreached regions, lives are being changed through the power of Jesus Christ. Churches are becoming centers of prayer, discipleship, compassion, and multiplication. Families are being restored. Communities are discovering hope. Nations are hearing the Gospel. **Healthy, multiplying churches are uniquely positioned to reach people where they live, disciple believers in community, and reproduce new generations of leaders and churches.**

The Five Million Church Vision actually zooms in to the community level: Our real dream is to see *a church within walking distance of everyone in the world*. Our goal is to equip leaders in every country **ensuring that every people group and community has increasing access to the Gospel** through vibrant local churches.

As we look to the future, we are filled with expectation for what God will do next. The harvest is plentiful, and around the world we continue to see leaders responding to God's call with courage and faith. *From rapidly growing urban centers to remote and underserved regions, the opportunities for church planting have never been greater.*

The vision God gave DCPI more than 30 years ago is alive and growing stronger every day. We remain committed to equipping leaders, multiplying churches, and advancing the Gospel until every person has the opportunity to experience the transforming love of Christ.

Thank you for praying, giving, serving, and standing with us in this mission. Together, we are helping fulfill the Great Commission; one leader, one church, and one community at a time.

ABOUT DCPI

Pakistan, 2025

Boston, 2025

Philippines, 2025

“Then [Jesus] said to his disciples, ‘The harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field.’”
Matthew 9:37-38

Why We’re Here

Church planting is the most effective means of reaching the world for Christ! But, when God calls a person to plant a church, they often have no idea where to start. That’s why we exist. We train church planters, so more workers go into the harvest field to reach their communities for Christ, baptize them, and teach them to grow in Jesus, as Matthew 28 commands us. We’re here to multiply harvesters in the harvest!

Vision

5 Million Churches

We have trained over 650,000 leaders in 180+ countries to plant over a million churches. In partnership with global organizations, we are collaborating to plant 5 million churches, with a focus on reaching the unreached until there is a church in every village, everywhere. God has given us a vision to bring our training to every nation. Just 18 countries remain, and we know God can do it.

Mission

Equip Leaders Everywhere

Equip leaders and collaborate with global partners to see 5,000,000 dynamic churches planted to reach the world for Christ. We train pastors with biblical, proven training curriculum so that they plant healthy churches that multiply disciples, who, in turn, plant more healthy churches, so that every community in the world is reached with the Good News and has a healthy, dynamic church in it!

What’s our “Win”?

A church planted. We are on-mission to equip leaders to plant dynamic churches to reach their communities for Christ. When we equip a leader, and they plant a church, we rejoice!

Why?

Churches are the most effective means to reach people for Christ and disciple them to grow in Christ. That’s why we exist! More leaders equipped = more churches successfully planted = more people meet Jesus and grow in Christ = more of God’s Kingdom in our world!

THE FIVE MILLION CHURCH VISION

OUR BEGINNING

2009

THE 5 MILLION CHURCH VISION

2025

STILL ON MISSION

Founder, Paul Becker, received a vision from the Lord to found an organization to train church planters, using his experience in church planting. In 1994, Dynamic Church Planting International (DCPI) was founded, and God gave DCPI the audacious vision of training leaders to plant One Thousand churches. Then later, God gave a One Million Church Vision.

God knocked down an old oak tree that had been significant to our founder Paul Becker, and He used this to tell Paul that the One Million Church Vision was too small. God was calling DCPI to equip men and women of God to plant FIVE MILLION CHURCHES. In obedience, the DCPI team believed God, and we have been pursuing His vision enthusiastically to this day!

We are still on mission toward the Five Million Church Vision. This is our mandate from the Lord, and we work with key leaders around the world to accelerate training in each of their "World Zones." Every year, our world zone leaders set a goal of how many leaders they will train in their region. And every year, we tick away at this God-sized objective. Based on our best projections, we believe our trainees have planted 1,656,824 churches.

2025 AIMING FOR OUR "BEST YEAR EVER"

When we started 2025, our goal was for this year to become our “Best Year Ever (Yet)” for training the highest number of leaders worldwide. This helped our Central team and our World team to set ambitious goals that challenged one another.

Together, we agreed that 86,000 would be a stretch, and if every world zone had their “Best Year Ever (Yet)”, we would reach that number.

Here are the best years for each world zone:

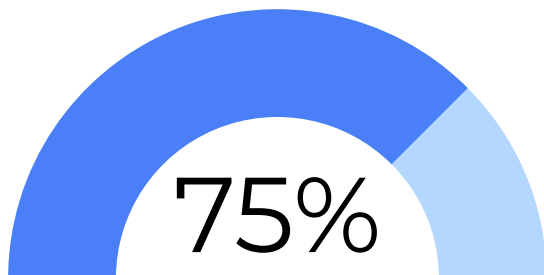

- Asia India: Best year was 2023
- Africa East & South: Best year was 2024
- Africa West: 2025 was best year since 2018
- ✦ **Asia China: Best Year Ever was 2025!**
- ASEP: Best year was 2024
- ✦ **Central Asia & Gulf States: Best Year Ever was 2025!**
- ✦ **Euro-Mediterranean: Best Year Ever was 2025!**
- ✦ **Latin America: Best Year Ever was 2025!**
- North America : 2025 was best year since 2014

Our 2025 Goal

86,000

Four of our world zones had their “Best Year Ever” in 2025, and we hit 75% of our 86,000 goal! As we move forward, we continue refining our goal setting process, so that we can set stretching goals that we can chase down successfully! Stay tuned for 2026's goal!

Colombia, 2025

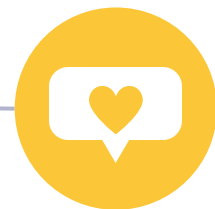

Many of our trainees face persecution regularly.

Though persecution is a very real threat to many of our church planters, we continue training them because God continues calling them to go boldly and tell people about Jesus!

In 2025, two-thirds of the people we trained live in persecuted countries.

About 40,000 of the 64,480 leaders trained in 2025 were from nations on the persecuted watch list. That's $\frac{2}{3}$ of the people we trained this year!

Please join us in praying for our trainees in:

WHAT IS AN "OPEN" COUNTRY?

A country where we have trained at least two leaders with the potential of multiplication.

So often, just getting started in a country is the hardest part. Then, once we have trained two people, we continue to work with them to build a network of leaders that can expand church planting wider into neighboring areas and deeper into multiple generations of church plants!

LUIS AND YOSDALY'S STORY

MOSAICO CHURCH IN VENEZUELA CHANGED THIS COUPLE'S STORY FOREVER

Venezuela, 2025

There is an amazing church in Venezuela, called **Mosaico Church**. In 2021, DCPI-trained pastors, Pablo and Nedsimar Ojeda planted Mosaico to reach Acarigua with an ongoing vision of planting daughter churches to reach their entire region of Venezuela. The mission of Mosaico Church is to reach families with the love and hope of Christ.

The Quintero family are living proof of this mission. **Luis and Yosdaly Quintero** began coming to Mosaico Church in 2022 because their kids, Samira and Juan Pablo, heard about Mosaico's kids ministry and wanted to check it out. Hesitantly, Luis and Yosdaly dropped their kids off and waited outside. But Yosdaly's curiosity led her to look inside the adult service, where she was surprised by the coffee cart and how friendly everyone was. The couple started attending more regularly, getting involved in a "connection group" led by Pastor Nedsimar. Still, they were cautious.

For years, Luis and Yosdaly had been involved in Santería, a form of Caribbean witchcraft that blends African, indigenous, and Catholic elements. This spiritual darkness had isolated them from God and caused deep marital struggles between them. Their children, too, were being led astray. But, they began to understand the truth about Jesus through Mosaico Church.

The more Yosdaly attended church and learned from Pastor Nedsimar, the more she started to feel a pull towards faith in Jesus.

Pastor Nedsimar asked Yosdaly if she was ready to believe in God and trusted Him with her life, and she realized that only God could bring the meaning and healing they were looking for. **Yosdaly made the bold decision to believe in Jesus and publicly declare her faith through baptism**, but Luis didn't like this decision. Luis felt deeply offended and confused. However, through the gentle encouragement of Pastor Nedsimar, Luis attended Yosdaly's baptism.

Yosdaly began studying Scripture, praying, and growing personally, which helped her navigate this difficult season. Over time, the tension in their marriage began to ease, and they took part in Mosaico's "Marriage on the Rock" program, which provided them with biblical tools to rebuild their relationship on a foundation of faith. Luis, too, began to see his marriage as a covenant centered on Christ, and, after experiencing the love and transformation that only Jesus can bring to his wife and their marriage, Luis made the decision to publicly declare his own faith.

Today, Luis and Yosdaly are not only active members of Mosaico Church but also passionate volunteers, serving others with joy every Sunday. **Yosdaly is now officially part of the Woman's leadership in Mosaico**. Their children, Samira and Juan Pablo, continue to thrive in the kids' ministry, learning about God's love and sharing it at home. Together, **the Quintero family has been transformed**, freed from the darkness of Santería, and now they walk together in the light of Christ.

What's more, the Quintero family wants to be on the team that plants Mosaico's next daughter church!

OUR PARTNERSHIPS

COLLABORATION THAT ACCELERATES OUR MISSION AND THEIRS

COTW Meeting at DCPI Headquarters

MAPPING THE WORLD

WE ARE DISCUSSING HOW DCPI CAN MAP AND PLANT CHURCHES IN RED COMMUNITIES

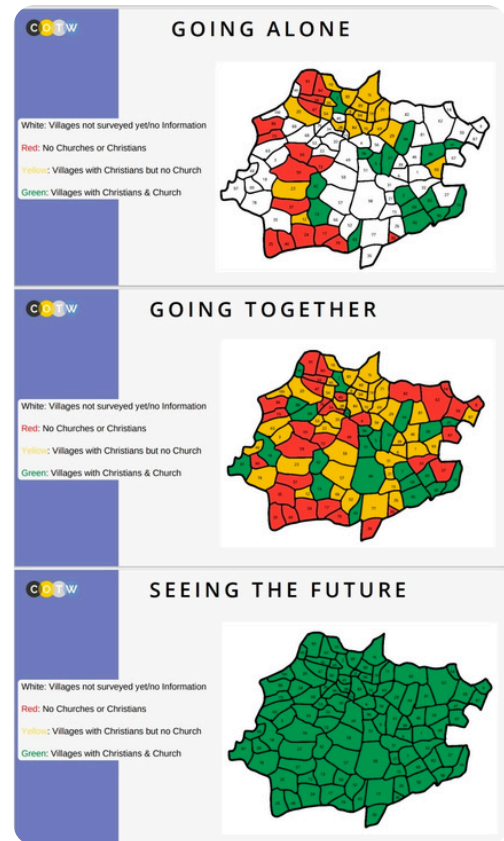

DCPI is honored to be a key partner in the **Coalition of the Willing (COTW)**, a growing alliance of over 27 global ministries united around one mission: seeing **a church in every village, everywhere.**

Together, these organizations are sharing data and aligning efforts to bring clarity and focus to reaching the unreached. Villages around the world are being mapped to reveal where the gospel is present and where it is not, ensuring no place is overlooked.

We are already seeing this vision take shape. Entire countries like Nepal have been mapped, and alliances of ministries have formed to take responsibility for specific regions, each committing to reach 1,000 to 2,000 villages within a 2-3 year timeframe.

This partnership connects global organizations with trusted local ministries, pastors, and leaders working side by side on the ground. Each ministry continues in its unique calling, yet we are all united in equipping and mobilizing believers to see lives transformed through Jesus and new, healthy churches established.

We are deeply grateful for the privilege of being part of what God is doing and excited for what lies ahead.

SOME OF OUR OTHER PARTNERS:

THE DCPI SYSTEM

A SYSTEM DESIGNED TO EQUIP LEADERS FOR EVERY PHASE OF CHURCH PLANTING

Three years ago, we arranged our training into a graphic that helps leaders grasp the system that lays beneath them all. The DCPI System is designed to help church planting movement leaders to systematize their training and multiply churches faster by ensuring that all of their leaders receive a multi-faceted understanding of church planting.

The DCPI System is set up 1) to train people to plant churches, 2) to train people to help churches become healthy, and 3) to train movements to raise up more leaders who would plant future churches.

We also wanted to make sure that our top church planting movement leaders were never “lonely at the top,” so we set the trainers and movement leaders in the middle of their circle, where they partner with us to plan and implement future trainings.

We know that not every training track applies to every movement. That’s why we love to help customize The DCPI System for organizations, networks, and denominations in many different cultural contexts.

THE COST OF TRANSLATION

Historically, it has cost us about \$1,500 to \$2,000 per translation in translator fees. We average 11 translations per year, so translating DCPI materials was roughly a \$16,500-\$22,000 per year job. But, in 2025, we adopted a translation software called Redokun (pronounced RED-oh-ken) that can work within our existing training documents using a massive language database and AI tools to help us translate our curriculum notes, student handbooks, certificates, and powerpoint presentations into new languages.

This year, we were able to spend just \$3,500 on Redokun and ZERO on translators. Because all the hard work had been done, we had volunteers come forward to double check the translations, and we got 13 done in 2025!

In 2026, the translation team aims to complete twenty-four translations and continue updating older translations of top-used materials.

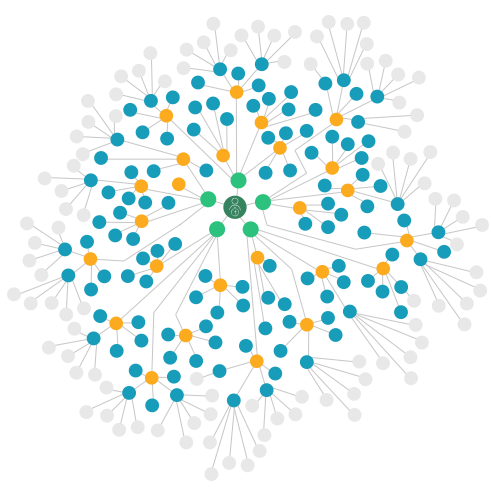

WHAT'S NEW IN CURRICULUM?

WHY MULTIPLICATION MATTERS TO DCPI

It's not enough for us to find leaders to go out and plant our next churches. We need to be developing leaders from within our churches. If our evangelism and discipleship are truly effective, we should be raising up the next generations of church planters from right within our churches. This is truly how the kingdom goes from addition to multiplication.

If we find another leader and plant another church, we've done addition. If we start a church that raises up a leader that plants another church, we've done multiplication.

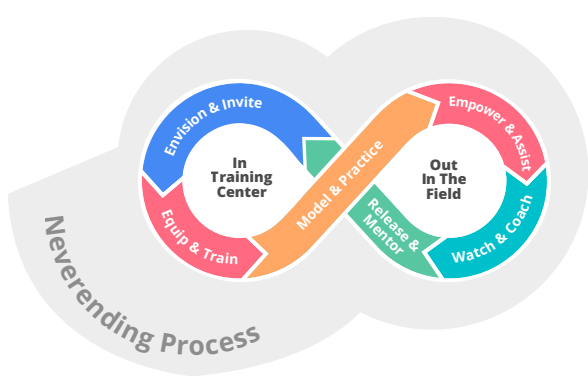

A true "Church Planting Movement" needs to be four generations deep and one hundred churches in all. In order to continue as a sustained "movement" of God, we absolutely must have multiplication.

How can we train leaders so that they shift from addition to multiplication? In Pakistan, for example, we have one leader who has singlehandedly chosen leaders and planted 7,000 house churches. Now, if we could get him to master his discipleship process and raise up leaders right within each of those churches, we'd go from 7,000 churches to 14,000 churches overnight.

This is why we are building a new curriculum program that we're calling the "3D" Pilot Program. 3D Stands for "Disciple, Develop, Deploy." This is a one-year, three-track training that is all about *multiplying—disciples, leaders, and church plants*—specifically for house church contexts.

A Four-Generation Church Planting Movement

The Transformation that can happen through discipleship

Track one for this "3D" system, as we're calling it, will be Disciples Making Disciples—a brand new DCPI training track. Track two will be our existing House Church Planting (HCP) track. Track three will be a revamped version of our Church Planting Movements (CPM) track. We're looking to launch in 2026 in one of our world zones. Then, we plan on building this system out into other world zones and making the "Disciples Making Disciples" track available to churches everywhere who need to revamp their discipleship process!

LIFE CHANGE STORY

FROM ADDICT TO EVANGELIST IN TURKEY

A Turkish man whom we will call Deniz had been an addict for many years before he finally decided he needed to get help. When he joined his local AA program, he had no idea that he would meet some secret Christian believers. But, the more he got to know them, the more he wanted to know Jesus. After a little while, Deniz put his trust in Christ and was healed completely from his addiction. He grew in his faith and got involved in a local church. Deniz met an amazing woman and got married, had children, and openly shares about how he has had a total change of direction in his life under the direction of the Holy Spirit. In fact, his story is so compelling that he and his wife have led over 500 people from muslim backgrounds into personal relationships with Jesus Christ! Deniz recently attended a DCPI House Church Planting training and is so excited to know how to use what he learned to disciple these new believers effectively through house churches.

MULTIPLICATION STORY

TWO DECADES OF CURCH PLANTING
MULTIPLICATON IN UGANDA

It all started in July 2008, when DCPI trained twelve pastors from United Pentecostal Church International of Uganda (UPCIU). They instantly fell in love with DCPI, certified five of their top leaders and quickly turned around to train thirty more leaders. The UPCIU at the time had slightly over 350 churches and about 30,000 members in Uganda. By 2023, the church had grown to over 2,300 churches in Uganda. They had also started 40 churches in Rwanda, 16 in South Sudan, 39 in DR Congo and one in the Dominican Republic. UPCIU has continued to expand and have even planted in Cologne, Germany. This church continues growing non-stop and has over 500,000 members.

2024* FINANCIAL SNAPSHOT

FUNDED BY GENEROUS DONORS, STEWARDED WITH THE HIGHEST INTEGRITY

DCPI's ministry is financially stable with a history of good financial stewardship. We have a growing list of individual donor partners, as well as an assortment of churches and foundation partners who consider DCPI's work investment-worthy. All DCPI staff team members raise support for their salaries. This model ensures a team of committed workers as well as providing greater opportunity for the Body of Christ to participate in a Kingdom effort focused on the fulfillment of the Great Commission.

DCPI's team works tirelessly to keep all general expenses and fundraising expenses low, so that we can send as much money as possible to the field every year. We know there is a direct correlation between the amount of money we can send to the field and the number of leaders we can train. It costs us, on average only \$30 to train a church planter somewhere in the world!

DCPI has been blessed with sustained growth in accomplishing mission objectives and been a member of the Evangelical Council for Financial Accountability (ECFA.org) since 2006. For over 40 years ECFA has helped to enhance trust in the integrity and accountability of churches and ministries so they can more effectively reach the world for Christ.

* Our financials go through a third-party review every fall, which is a part of our continued ECFA (Evangelical Council for Financial Accountability) accreditation. In order to present the reviewed financials, we have a longer timeline before we can get them to you, which is why we have included our 2024 financials in this 2025 Annual Report.
