A LETTER FROM OUR COMMANDING OFFICER

To Our No Fallen Heroes Family -

2023 was a historic year for the No Fallen Heroes Foundation. We provided healing grants to over 30 veterans, first responders, and family members, including our first two female fighter pilot veterans. We were also selected as non-profit of the year at the Microdose convention in Miami and secured our IRS approval as a 501c3 non-profit organization.

This year we continued to pave the way for more awareness and growth with multiple appearances on different major news outlets, podcast appearances, and speaking engagements at conferences like MAPs Psychedelic Science conference. I traveled to Washington DC several times throughout the year to meet with lawmakers to advocate for the legalization of psychedelic medicine for therapeutic use and helped get funding added to the National Defense Authorization Act (NDAA). We also began strategic partnerships with multiple organizations including My Crew Doses Inc with our launch of 'Maverick Mind' - an all natural mushroom supplement product. A portion of the proceeds from every sale will go to the foundation and our mission to end veteran suicide.

No Fallen Heroes is one of the only organizations in the veteran alternative therapy space that looks to help ALL heroes heal their trauma and post traumatic stress, while other veteran non-profits focus solely on special warfare or combat veterans. We are also one of the only organizations helping female veterans heal who suffered military sexual trauma (MST).

Securing funding for healing grants will continue to be our top priority in 2024. Unlike other organizations, Suzi and I put our own money into funding grants and operations. Expenses for our top fundraising effort 'Flight for Life' is covered by our company TOPGUN Options LLC and 100% of donations go to the foundation. We also let TOPGUN Options LLC lifetime members donate a portion of their investment to the foundation. Our goal for 2024 is to expand these fundraising efforts and continue to target high net worth individuals, family offices, and companies who want to sponsor retreats and donate to the organization. Our strategic partnership with Healing Realty Trust is an example of our corporate outreach.

We have a lot to look forward to as we enter another exciting year for growth. We are set to film a docuseries called **No Fallen Heroes: Extraction** with LIV Entertainment, a new streaming service. The series will highlight the plight of veterans having to travel to a foreign country to heal the trauma they incurred serving ours. The series ends as we fulfill our mission objective of healing our heroes at home at a retreat in Colorado. We hope the series raises awareness to the general public and highlights the tragedy of veteran suicide.

Suzi and I are honored and humbled to be doing this work and pray that God guides us through the year ahead as we put the ladder down to help our heroes heal. Our mission is not possible without our team, advisors, and donors...

**THANK YOU FOR CONTINUING TO SUPPORT NO FALLEN HEROES
AND OUR MISSION TO END VETERAN SUICIDE.**

Matthew 'Whiz' Buckley

Matthew 'Whiz' Buckley

Founder

No Fallen Heroes Foundation

A LETTER FROM **DANIEL CARCILLO**

As a former NHL player with two Stanley Cup victories under my belt, I've taken the intense energy from my hockey days and redirected it toward a deeply personal cause: ending veteran suicide. I am a proud board member of No Fallen Heroes, where I work diligently to address the mental health challenges faced by veterans transitioning back to civilian life. My commitment to this cause stems from my own battles with brain health after retiring from professional sports.

Through my role at No Fallen Heroes, I aim to ensure that veterans receive the comprehensive support and care that they need and truly deserve.

Alongside Matthew "Whiz" Buckley, a former Navy fighter pilot and the founder of No Fallen Heroes, I use my platform and experiences to amplify our organization's impact. Whiz, who also serves as the Chief Investment Officer of Top Gun Options, brings a strategic and disciplined approach to our mission. Together, we make a strong team, combining his military and financial expertise with my advocacy skills and public visibility. Our friendship and collaboration are advancing the organization's outreach and effectiveness, focusing on innovative mental health solutions to prevent veteran suicides.

Under Whiz's leadership, No Fallen Heroes advocates for a holistic approach to veteran support, which includes mental health services, community building, and widespread awareness campaigns. We emphasize the importance of early intervention and ongoing care to create a robust safety net for veterans. Our efforts highlight the urgent need for societal change in the way veterans' mental health is managed and supported, aiming not just to reduce but ultimately to end veteran suicide. Through public speaking, community engagement, retreats and strategic partnerships,

WHIZ AND I ARE DEDICATED TO PAVING THE WAY TOWARD A FUTURE WHERE NO VETERAN IS LEFT BEHIND.

Daniel Carcillo

Daniel Carcillo
Board Member
No Fallen Heroes Foundation

WHAT WE DO

OUR MISSION

To improve the quality of life for Veterans, First Responders and their family members using psychedelic medicines and integration.

OUR VISION

To prevent Veterans and First Responders from taking their own lives. We envision a world where these heroes have local access to life-saving psychedelic-assisted therapy.

HOW WE SUPPORT HEROES

ADVOCATE

Working with lawmakers to expand access to psychedelics & provide better support for Veterans and First Responders. We're also educating everyday Americans on the healing powers of psychedelics, and the crisis of Veteran Suicide.

EDUCATE

Our organization consistently creates educational content and speaks with news outlets about the efficacy of psychedelic medicine & the epidemic of suicide plaguing our nation. Our goal is to destigmatize these medicines and bring awareness to the heroes that need our support.

HEAL

We raise money to send heroes cost-free to psychedelic assisted therapy retreats. We also offer ongoing integration support and are here to answer any questions they or their loved ones have.

PSYCHEDELICS: AN OVERVIEW

WHAT IS PSYCHEDELIC ASSISTED THERAPY?

Psychedelics - or 'entheogens' have been used in indigenous cultures for millennia and are some of the most effective treatments for mental health disorders on the planet.

Psychedelic Assisted Therapy is a form of treatment that uses a range of psychedelic medicines - like MDMA, Iboga/Ibogaine, or Psilocybin - that temporarily alter perception and mood and may impact numerous cognitive processes.

WHY USE PSYCHEDELICS TO TREAT VETERANS?

Radical trauma requires radical healing. After having our own experiences with psychedelics we knew this was the medicine that would save our heroes lives... **and the science backs us up.**

Science, experience, and indigenous communities have all proven the amazing healing power of psychedelic medicines like psilocybin, iboga/ibogaine, 5-MeO-DMT, and MDMA

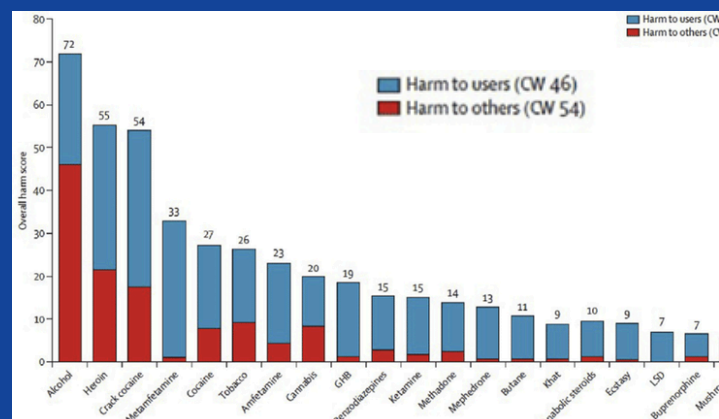

Organizations like Johns Hopkins, NYU, MAPs and Stanford Medicine have run studies that prove this therapy is highly effective.

SCIENCE SHOWS THIS MEDICINE WORKS.

- Stanford Medicine ran a study with special ops military vets that found ibogaine effectively treated their traumatic brain injury, PTS, and addictions
- In the MAPS final MDMA trial, 86.5 percent of people achieved a measurable reduction in severity of symptoms - a majority were clinically healed
- The Center for Psychedelic Research and Therapy at Dell Medical School (University of Texas at Austin) is conducting a study to explore whether psychedelics can help combat prolonged grief.

Mushrooms have the lowest harm potential of any other drug, and for good reason.

Mushrooms are not just a recreational drug, they're a powerful healing medicine.

	FOLLOWERS	CHANGE
2023	29,380	39%
2022	21,113	

In 2023, No Fallen Heroes helped **30 Heroes** **heal** using psychedelic assisted therapy grants & many more heal via counseling

Working with our retreat partners, we hosted three retreats in 2023. Awaken Your Soul hosted our grant recipients in February and May for iboga experiences in Costa Rica.

In October, we hosted our first retreat in the United States in Colorado at the Do Good Ranch. Heroes sat with psilocybin and 5-MeO-DMT.

Our goal for 2024 is to hold more retreats in the United States to lower costs and expand access. These locations include Colorado, Oregon, & Arizona.

FUNDRAISING CAMPAIGN FLIGHT FOR LIFE

ABOUT THE CAMPAIGN

Flight for Life is our primary fundraising campaign to incentivize larger donations to the foundation. Anyone who donates \$10K or more is invited to Pompano Beach, Florida for a jet flight with our founder Matthew 'Whiz' Buckley. Two donors are able to experience a 'dogfight' with another L-39C Albatross.

in 2023, we flew private donors, celebrities, and NHL stars, including **Henrik Lundqvist, Dustin Lynch, Scottie Upshall, and Ryan Malone**

These collaborations helped us boost our message to **over 5M+ people** across social media, news and other PR outlets

21 donors flown | 14 grants funded | 7 new fundraising partners

FLIGHT FOR LIFE HAS RAISED

\$100K+

FOR THE NO FALLEN HEROES FOUNDATION

MEET OUR TEAM

Matthew 'Whiz' Buckley
Founder, CEO

Whiz is a former decorated Navy fighter pilot and is the Chief Executive Officer for TOPGUN Options LLC (TGO) in Boca Raton, Florida. Prior to starting TGO he was the managing director of strategy for a multi-billion dollar volatility arbitrage firm in the Chicago Board of Trade. Whiz graduated from the Navy Fighter Weapons School (TOPGUN) and flew combat sorties in support of Operation Southern Watch. He also served in Operations Noble Eagle and Enduring Freedom. He sits on the board of My Crew Doses LLC and the advisory board of Healing Realty Trust.

Suzi Buckley
Executive Director

Suzi is a proud mom of three and veteran military spouse. Suzi and Whiz met in 1988 and began dating while in college at Jacksonville University. Suzi and Whiz married in 1994 when they were stationed at Naval Air Station Lemoore in California. During their time in the Navy Suzi taught at several private schools as well as various child development centers on base. She is the Chief Operating Officer of TOPGUN Options LLC. Suzi is a certified Transformational and Psychedelic Integration Coach and prepares heroes for their journeys and helps them integrate.

Nicole Fox
Director of Medicine Operations

Nicole brings a compassionate perspective to her role, drawing from her experience as the daughter of a US Army Veteran. She oversees candidate screening and provides integration coaching. Nicole integrates holistic modalities such as meditation, somatic embodiment, trauma-informed yoga, and breath work into her practice. Nicole's journey as a Medicine Guide is enriched by her initiation into the Missoko Bwiti tradition, grounding her practice in ancestral wisdom and reverence for nature. Recognizing the longing for meaning and connection in many, Nicole views sacred plant teachers as spiritual allies, she believes in their power to help cleanse and heal the spirit. Nicole is the proud mother of 3 boys.

Dr. Kristin 'Rosie' Barnes
Chief Medical Officer

Rosie is a graduate of the US Naval Academy with a degree in Chemistry. She was commissioned as a Naval Aviator and went on to a distinguished career in F-14 Tomcats. A veteran of 23 years, Rosie completed seven Middle East deployments, accrued over 3,000 flight hours and over 700 arrested landings. She has been awarded several of our nation's highest awards for aerial achievement and leadership. Dr. Barnes was one of the first female fighter aircrew to heal with psychedelic assisted therapy. She is very experienced with the power of these healing medicines and incorporates them into her medical practice when appropriate.

MEET OUR TEAM

Matthew Buckley Jr.
Operations Specialist

Matthew Buckley Jr. serves as the foundation's operations specialist assisting in all areas from flight operations with the L-39C Albatross fighter jet, to fundraising and administration. He is a 2022 graduate of Norwich University, the Military College of Vermont. Matthew played ACHA hockey and as a Cadet 2nd Lieutenant served in several leadership positions on the team and in the Corps of Cadets. He graduated with a BA in Political Science with a 3.4 GPA. Matthew is joining the Florida Air National Guard and is pursuing his private pilot license.

Linda Cappadona Provan
Grant Director

Linda is responsible for securing funding and managing grants to support veterans, first responders, and their families. Linda holds a bachelor's degree in mechanical engineering from Penn State University and an MBA from the University of Phoenix. She is also a graduate of the University of Chicago's Capture Strategy Executive Program. Her education, combined with over 30 years of technical and leadership experience with Fortune 500 companies, blends strategic vision with operational expertise. Linda's personal ties to military service – a WWII Army veteran father and Navy veteran spouse – drive her commitment to serving those who have sacrificed for their country. This, along with her personal healing journey, instills her work with a sense of purpose and urgency to make a meaningful impact to help others.

Christopher 'Kid' Provan
Operations Advisor

'Kid,' a retired Naval Aviator, piloted the F-14 Tomcat through three operational tours, earning an Air Medal for his bravery over Afghanistan post-9/11. He now serves as the International Training Program Manager for the F-35 Joint Strike Fighter. As operations advisor, Kid assists in flight operations and overall foundation administration and coordination. In addition to his work with the government and No Fallen Heroes, he also serves as Executive Director for Veterans Prostate Cancer Awareness (VPCa), educating men on early diagnosis. Bridging the efforts between No Fallen Heroes and VPCa creates a synergy that enables Kid to encourage care for the mind, body, and soul of our veterans and first responders.

Kat Vlachos
Event Coordinator

Katerina is a proud mom of 2 and resident of Boca Raton Florida. She has been an active volunteer for her community. She has served on the board of Boca Helping Hands, Child Rescue Coalition Center, and also performed volunteer work for The Junior league of Boca Raton. She has a background in finance, sales, customer support and marketing. One of her greatest experiences was flying with Whiz and earning her call sign "Vino." She plans on continuing to support and being a part of this amazing foundation.

LOOKING INTO THE FUTURE

With your support in 2024, we can continue to make meaningful impacts in veterans and first responders lives by providing them with psychedelic assisted therapy, preparation and integration counseling, & other modalities.

Launch & run our civilian Wingman program

Distribute 50 grants to heroes

Hold retreats primarily in the United States

Continue awareness efforts for the foundation

Provide more resources for heroes on our grant list

"Psychedelic assisted therapy saved & changed my life...I'm now thankful for my suffering"

Mark "Slider" Keller
F-14 Tomcat RIO

LOOKING INTO THE FUTURE

NEW IN 2024

THE WINGMAN PROGRAM

This is a unique opportunity for civilians looking to heal. Civilians who wish to take part in a retreat will do so by sponsoring a 'wingman' veteran, first responder, or hero family member. The civilian can go on a retreat with their wingman or go solo.

These retreats will be focused on EVA:

- Executives
- Veterans
- Athletes

NO FALLEN HEROES

EXTRACTION

Extraction is a 6-part reality series following the stories of three of our nation's greatest heroes as Whiz identifies, extracts, and enlists them in a centuries-old medicine practice that has proven to be effective in healing the effects of PTS and, for some, eliciting a profound spiritual rebirth.

We will discover the origins of this medicine as we travel to the heart of Gabon, Africa. From there we will travel around the world to meet renowned experts, politicians, spiritual guides, athletes, and celebrities who've joined Whiz in his mission to ensure there are....

SOLE SURVIVOR OF SURVIVOR 43

MIKE GABLER

"As a nation we need to do a better job helping our veterans come all the way back home. The No Fallen Heroes Foundation is pioneering ways to help our veterans combat PTSD, TBI, and curb the suicide epidemic ravaging our heroes. While I never had the honor of serving, it is my honor to serve those who served us. I am proud to be affiliated with this organization and the good people who run it. Our veterans make up 1% of our population and protect the 99% of us. We must help them. God bless our veterans, our nation, and the No Fallen Heroes Foundation."

\$50,000 DONATION TO NO FALLEN HEROES

NHL HALL OF FAME MEMBER

HENRIK LUNDQVIST

After joining us for our 'Flight for Life' campaign in Aspen, Lundqvist has continued to support our foundation and spread our mission of saving veterans and first responders lives. Whiz appeared on his Club 30 podcast on the MSG network.
