

SHUR-KUT® Coated

Rolls

Conveniently dispensed, tear-to-length rolls in common widths for several applications. Cloth backing provides durable wear and flexibility for extended use on edge or cylindrical parts. Commonly used for lathe parts shaping and sizing, finishing or polishing. Standard sizing and packaging for versatile maintenance and machine shop use.

Applications

- ▶ Hand finishing tube or contoured parts
- ▶ General purpose hand finishing
- ▶ Lathe parts finishing and polishing
- ▶ Crankshaft and bearing polishing

A_o RESIN CLOTH SHOP & PRODUCTION ROLLS

Durable, flexible cloth backing conforms to cylindrical or contoured parts. Tear to usable length to accommodate various tasks and reduce waste. Up to 6" width for larger scale applications.

- ▶ Flexible with excellent grain retention
- ▶ Conform to small radii and fine contours
- ▶ Precision lathe grinding
- ▶ Durable backing for aggressive applications
