About

Ianthe Hernandez is a technology leader, speaker and founder of Expansion Software & Services. She brings more than a decade of experience in technology and business systems to practical conversations about AI adoption, automation and leadership. Her sessions connect real workflows with plain-language instruction, helping business owners, professionals and teams turn new ideas into useful next steps. She is a bestselling author and holds an M.S. in Organizational Leadership.

> **Sample introduction:** *Please welcome Ianthe Hernandez, a Certified Speaker & Trainer and SaaS founder who helps audiences turn AI from overwhelming to useful. A bestselling author with an M.S. in Organizational Leadership, she is known for making AI practical for everyday people and the businesses they run.*
