### Uniquely Ugandan

We are continually amazed at how technology continues to improve here in Uganda. We recently saw this first-of-its-kind automatic car wash machine in the capital. I wonder what happens when power goes off or water is cut off?!

#### Prayer Requests

- Bible translation works in Runyankore and Lhukonzo
- Preaching point in Kyisanyarazi
- New churches in Ribweryakyona, Kyinyayobyoyo and Kajwenge
- Church plant in Bwera
- Marcus, Kendra, and Kirsten in the US
- Faithfulness of those leading in the churches
- Calvary Independent Baptist School

### New Church Plant Land

Because of some generous churches, we were able to purchase a piece of land in Bwera for our new church plant there. Bro Happy, a graduate from our Bible college, is there planting a new church. He had previously been meeting in his home, but needed a more permanent place. We are thankful for God's provision through His churches.

We took a team of men from our church in Kasese to go there and help put up the fence poles. Later, the temporary building was put up. **Now the people have a permanent location for the church. Praise the Lord! Please pray for God's provision to put up a permanent structure.**

Putting up the poles in Bwera

### TBI

In May, we had another TBI (tri-annual Bible institute) with the course being Bible Doctrines 1. This course goes through the first 11 of 33 Bible doctrines (the other 22 will be taught in the regular Bible college). I taught the first doctrine and then **six Bible college graduates taught the other 10 doctrines. What a blessing to see men step up and teach the Word of God.**

### Calvary Independent Baptist School

We have begun the second term of Calvary Independent Baptist School. We are so thankful for the teachers and how they are training these young people in the way of the Lord. At the end of the first term, they had a recital with each class reciting several Scriptures and the books of the Bible in order. (It was a challenge to the parents and other adults!) It was a good beginning first term.

Please make it a matter of prayer for God's provision as the first year is the most difficult as far as finances are concerned. **If you would be willing to help with a special gift for the school, it would be a tremendous blessing!**

### Trip to South Sudan

In June, I had the opportunity to visit a fellow missionary, James Baxter and his family, in the country of South Sudan. It was a trip to encourage them as well as help them get established and also see the possibility of setting up an airstrip to be able to get to his area easier and safer. It took us 3.5 days of driving an average of 10 hours every day to get to his place. (A plane would take only a few hours.)

This trip made us appreciate everything that we have in Uganda—good roads, food choices, readily available fuel, electricity, running water, security, churches, opportunities of training in the Word of God, etc. **Please pray for the James Baxter family as they are doing a very important pioneer work among the Taposa people of South Sudan.**

### Special Prayer Request

**Please be much in prayer for our pastor, Rodney Haggett! He has recently been diagnosed with Stage 4 cancer. Please pray for him as he is receiving chemotherapy, radiation and immunotherapy. Pray also for his family and our church family during this time.**

Stay up-to-date with our brief monthly videos on our website.
