UPDATE

La Crete Maternity and Community Health Centre

Construction continues to move ahead as we build a space that will support families and strengthen health care in the La Crete region. Crews have completed piling work, reaching an important milestone. Foundation and electrical work are now underway.

What's next

- **Foundation work:** Crews are forming and pouring the base structure.
- **Electrical:** Underground electrical systems are being installed to support future building needs.
- **Site activity:** Workers and equipment will remain active on-site as each stage moves ahead.

What to expect

- **Noise:** Ongoing construction noise from foundation work.
- **Equipment:** Continued use of drill rigs, concrete trucks and support vehicles
- **Traffic:** More trucks coming and going as materials arrive and work expands.

Thank you for your patience and support as we create a space that will serve La Crete and area for generations. Together, we're building a healthier future.

GROW WHEAT,
NOT WEEDS, WITH

DUAL-MODE CAZADO.™

NOTHING CONTROLS WILD OATS BETTER.

Wild oats aren't fake news. The best way to stop Group 1 and Group 2 resistance is simple: kill all the weeds — not just some this year and others the next.

CAZADO™ is giving you something you haven't had before in wheat — dual-mode control. Plus, it works on non-problematic fields too — because resistance can spread whether you see it or not.

Don't miss out. Talk to your local ADAMA Area Business Manager, Deanna Chabot, about securing your CAZADO™ now.

On Behalf of Abe & Lisa Fehr. As many of you know Abe has been off work for basically a year now due to torn muscles in his shoulder. Since the accident happened at home he doesn't qualify for WCB. Lisa's bus driver salary helps but is not enough to cover a mortgage and all the regular bills. He had surgery in November and has just now started physiotherapy. For it to heal properly he isn't supposed to lift more than 15lbs for a year so that makes almost any type of employment difficult to do. With their permission an account has been opened at ATB if anyone would like to help them out. Thank you in advance!

THE WELL

A RESILIENCE CENTER

The Body of Christ Providing Living Water from The Well...

Inspired by the Story of the Woman at the Well, John 4

The Well provides free, brand-new household items to individuals and families facing financial crisis, helping to ease immediate burdens and restore dignity. Inspired by the story of the woman at the well, our mission goes beyond meeting practical needs—we seek to share genuine love and create moments of transformation. Just as she came for water and left changed, we hope those we serve will encounter hope, experience care, and see the love of Jesus in action.

Who we are:

A united body of believers serving together as the body of Christ. We strive to be a source of hope & support for those facing unexpected crises in their lives
