

# Accommodation

At Influential English we don't offer accommodation directly — but we know that finding a comfortable, safe place to stay is an essential part of your time in London.

To help, we recommend contacting one of the British Council-registered accommodation agencies. They specialise in high-quality housing for English language students, including student residences, homestays, shared houses and apartments across every part of London.

## Find a registered agency

Browse the full list of registered providers and contact them directly on the British Council website:
