

BUSINESS PROFILE

MOGALEWORKS (PTY) LTD

FOR DEMANDING FLEET OPERATIONS

TYRE PERFORMANCE IS AN OPERATIONAL DECISION.

MogaleWorks supports commercial, heavy-duty and industrial fleets in South Africa and Botswana.

Tyre selection and service are guided by each application, operating environment and customer requirement. The focus is on products and support suited to real operating conditions.

APPLICATION-LED TYRE SOLUTIONS

SEVEN WAYS TO SUPPORT YOUR FLEET.

07

-
- 01 Tyre supply and fitting**
Selection to match the application.

 - 02 Tyre repairs and maintenance**
Support for continued serviceability.

 - 03 Wheel balancing and alignment**
Wheel services for heavy-duty use.

 - 04 Tyre inspections**
Condition and performance monitoring.

 - 05 On-site and mobile support**
Tyre assistance where fleets operate.

 - 06 Fleet tyre management**
Attention to tyre life and operating cost.

 - 07 Technical advice**
Tyre application support.
-

A man in dark work clothes with reflective stripes and gloves is kneeling and using a torque wrench on the lug nuts of a large truck tire. The background shows a parking lot with other trucks and a clear sky.

SERVICE WHERE FLEETS OPERATE.

On-site and mobile support, technical advice and maintenance help MogaleWorks respond to the needs of fleet-intensive operations.

BUILT FOR DEMANDING OPERATIONS.

Commercial, heavy-duty and industrial vehicles.

04
INDUSTRIAL FLEETS

SELECT. MAINTAIN. MONITOR.

MogaleWorks looks beyond tyre supply to the performance of the tyre across its working life.

- | | | |
|----|----------|---|
| 01 | SELECT | A tyre suited to the vehicle, load and operating environment. |
| 02 | MAINTAIN | Fitting, repairs and support for tyre condition. |
| 03 | MONITOR | Inspection and fleet tyre management to inform decisions. |

This approach is intended to improve safety, uptime, tyre life and overall operating cost, including cost per kilometre where relevant.

SPECIALIST DEPTH. PRACTICAL SUPPORT.

MogaleWorks collaborates with an established international tyre manufacturer and technical partner. The relationship strengthens its ability to provide technically informed tyre solutions in demanding environments.

PRODUCT KNOWLEDGE

TYRE-MANAGEMENT SYSTEMS

SPECIALIST EXPERTISE

ENGINEERING SUPPORT

THE WORK CONTINUES AFTER FITTING.

Technical assistance, tyre inspections and performance monitoring form part of ongoing support.

WARRANTY SUPPORT

Provided where applicable, alongside technical assistance after supply and fitting.

WASTE TYRES

Waste tyres are directed through appropriate authorised recycling or disposal channels in line with applicable environmental requirements.

SOUTHERN AFRICA.

MogaleWorks aims to expand its operational footprint, strengthen on-site support and invest in technology and technical expertise for commercial, mining and industrial applications.
