# ABOUT US

Share the Sail is a hosted sailing experience by Latitudes & Attitudes Magazine that brings like-minded adventurers together to explore bucket-list destinations by boat. Each trip is fully organized, captained, and designed to make you feel like part of a floating community—no sailing experience required. From provisioning to planning, we handle the details so you can relax and enjoy the ride. Whether you're traveling solo, as a couple, or with friends, you'll leave with new skills, unforgettable memories, and lifelong connections.

# WHY THE BRITISH VIRGIN ISLANDS?

## LEGENDARY BEACH BAR CULTURE

Home to the BVI's iconic hangouts, from the floating bar at Willy T's to the Soggy Dollar's famous Painkiller and Cooper Island's 100+ rum selection.

## STUNNING NATURAL BEAUTY

Turquoise water so clear you can see your anchor chain thirty feet down, dramatic granite boulders tumbling into the sea at the Baths, and lush green hillsides framing every bay.

## IDEAL SAILING CONDITIONS

Steady trade winds, short passages between islands, and protected anchorages make for easy, reliable sailing all week long.

# HOW WE PAIR GUESTS

We pair guests based on personality, travel style, interests, and overall group fit, not randomly.

## PERSONALITY QUIZ

This helps us understand: your travel style, social preferences, activity level, sleep habits, what you're hoping to get out of the trip

## HOW MANY PEOPLE ARE ON MY BOAT?

Most boats will have approximately 5–8 guests + captain, depending on the final boat layout and cabin assignments.

NIGHT AT  
WILLY T'S**

# DID YOU KNOW...

Norman Island is the legendary, real-life inspiration for Robert Louis Stevenson's Treasure Island.

Its pirate history peaked in 1750 when a mutinous crew hid 55 chests of Spanish silver inside the island's sea caves, known today as the "Treasure Caves."

While Tortola residents and British officials recovered most of the loot, rumors of leftover gold persisted for decades, supposedly making one lucky local fisherman fabulously wealthy.

**2 FULL DAYS**

# NORMAN ISLAND

- Snorkel the famous Caves and Indians rock formation just off the island
- Explore 12 miles of hiking trails boasting views of the Sir Francis Drake Channel or the Caribbean Sea
- Visit the legendary floating bar & restaurant, Willy T's pirate ship
- Join the whole crew for Pirate Night at the legendary Willy T's floating bar & restaurant
- Costume contest, dinner & drinks

**SNORKELING**

# THE INDIANS

Four dramatic rock pinnacles rise straight out of the water, with dense coral coverage close to the surface and a healthy population of reef fish, making it one of the best snorkel stops in the BVI.

Just off Norman Island, only a short dinghy ride from the Bight anchorage.

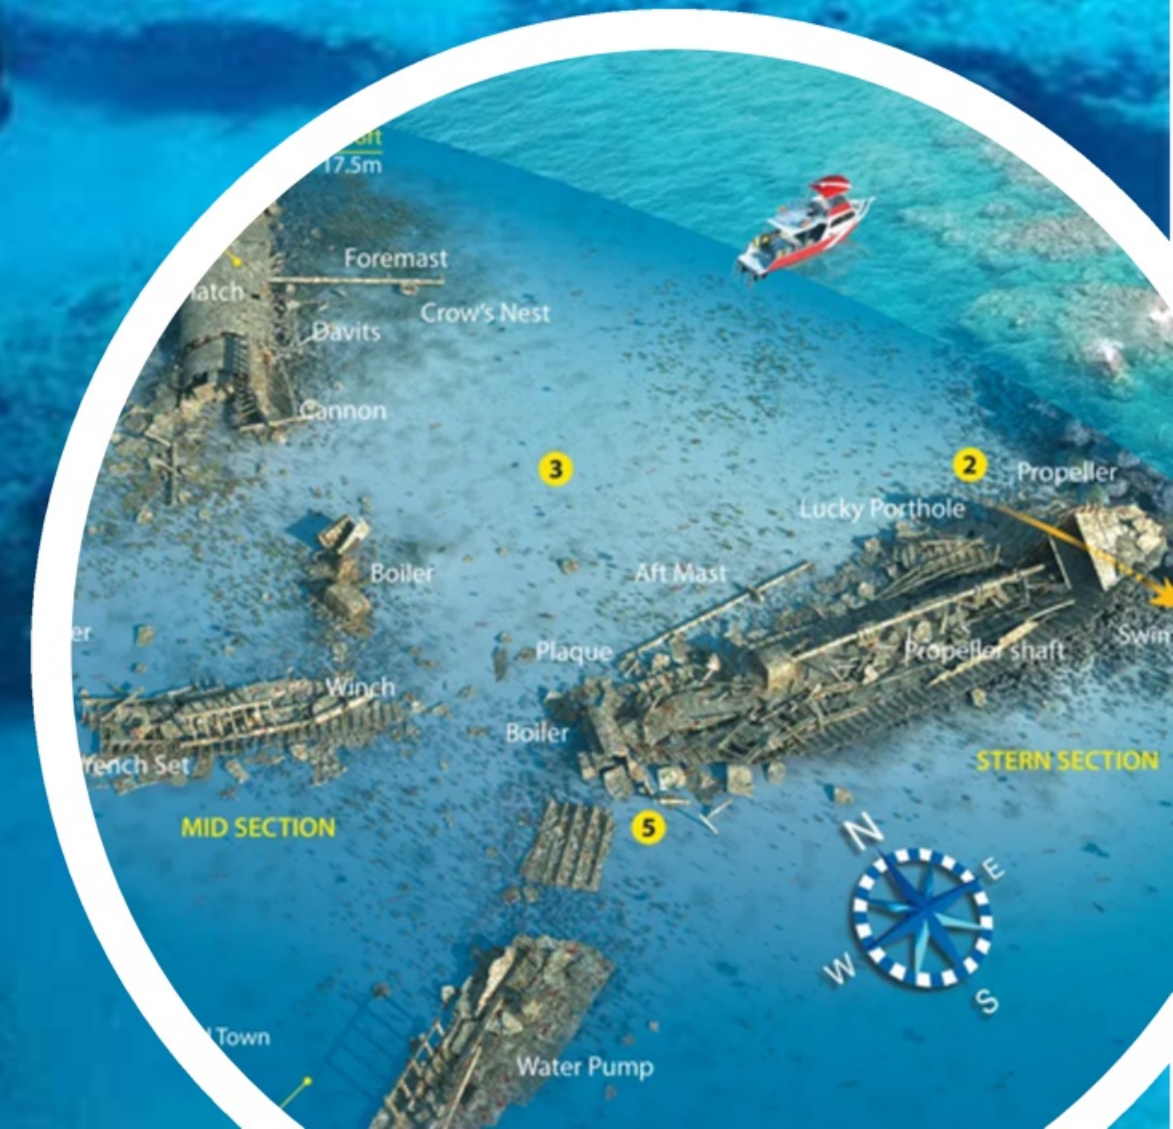

## SCUBA DIVING

# RMS RHONE, SALT ISLAND

One of the top wreck dives in the Caribbean — a 310-foot Royal Mail steamer that sank in an 1867 hurricane, now split into sections in 30–80 feet of crystal-clear water, with the bow, mast, and crow's nest still intact for divers to explore.

Roughly 5–6 nautical miles from Norman Island's Bight anchorage, just southeast of Peter Island.

**SCUBA DIVING**

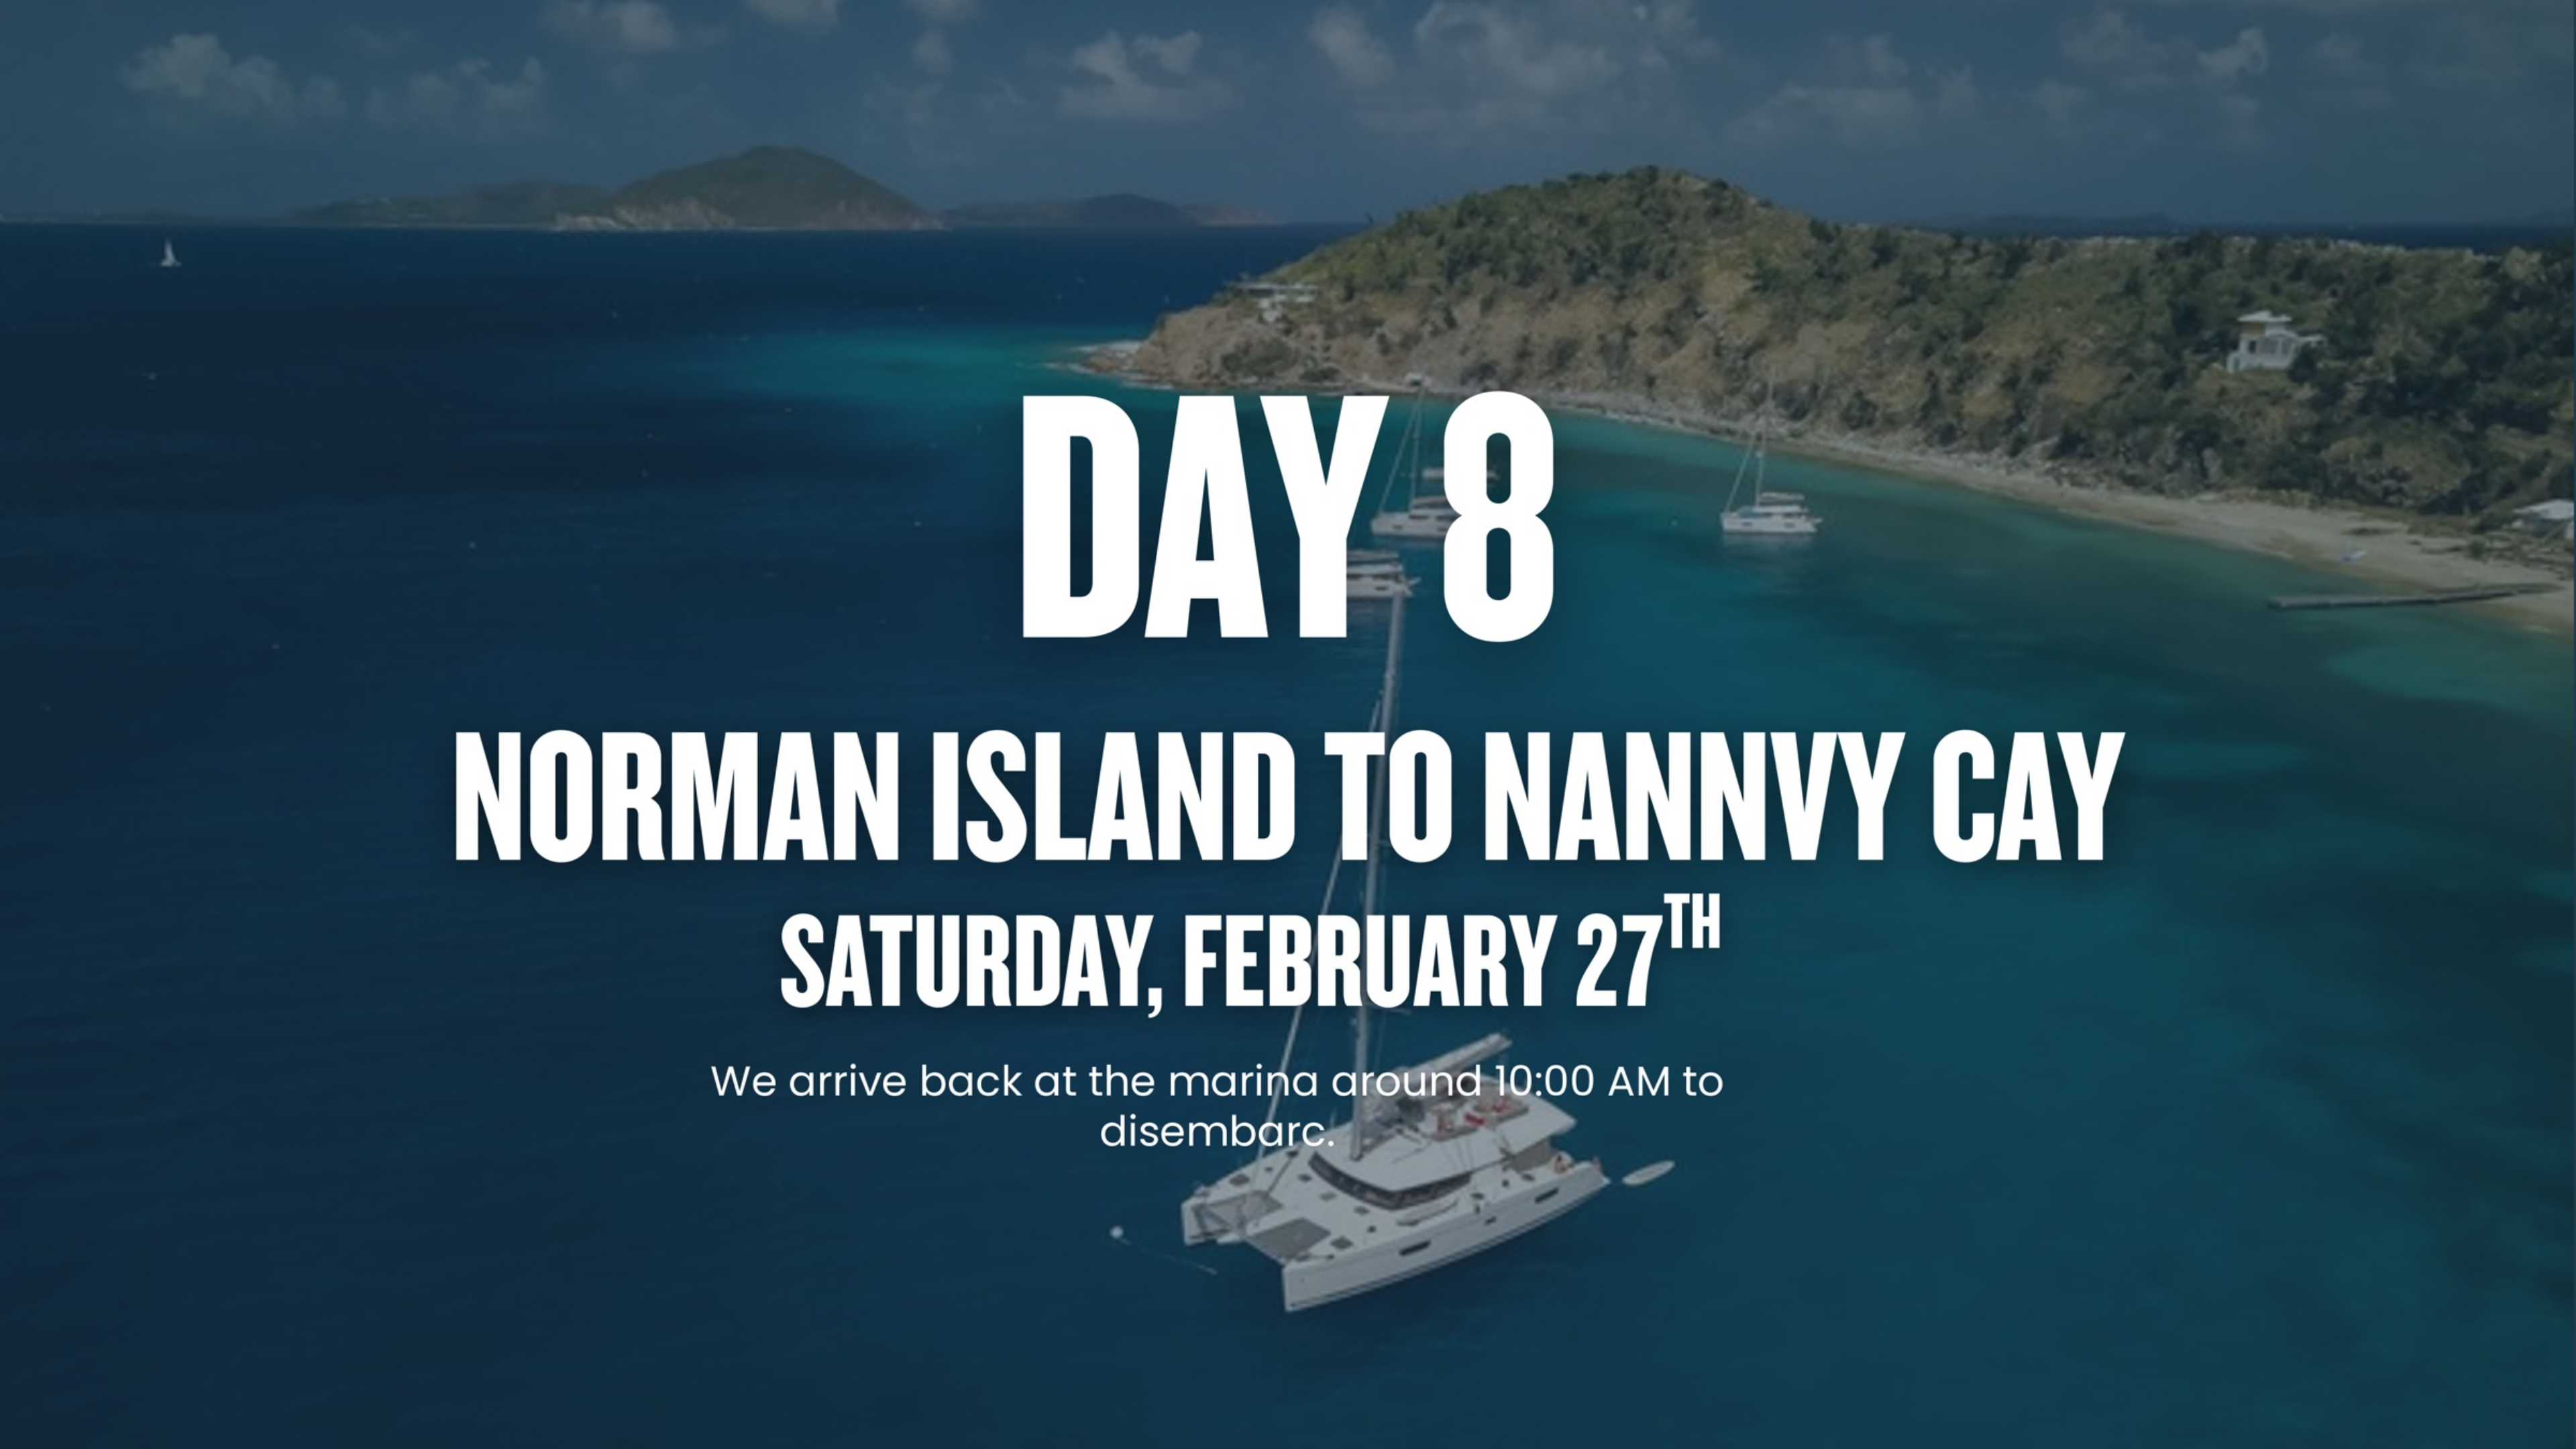

# WILLY T WRECK, PETER ISLAND

The original Willy T's floating bar, sunk in a hurricane and transformed by a local nonprofit into a pirate-themed artificial reef, complete with pirate figures for photo ops and fish hiding out in the crow's nest.

Roughly 2–3 nautical miles from Norman Island's Bight anchorage, tucked just off Peter Island.

# **DAY 8**

## **NORMAN ISLAND TO NANNVY CAY**

### **SATURDAY, FEBRUARY 27<sup>TH</sup>**

We arrive back at the marina around 10:00 AM to disembark.

A large crowd of people is gathered on a wooden pier extending into the water. The scene is set at sunset, with a bright orange and yellow glow on the left side of the image, reflecting on the water. The sky transitions from a deep orange near the horizon to a clear blue at the top. The people on the pier are mostly silhouetted against the bright light, and many have their arms raised in the air. On the right side of the pier, a few individuals are more clearly visible, including a man in a blue shirt and another in a dark shirt and a hat. The pier is made of wooden planks and has several vertical support posts in the water. The overall atmosphere is festive and celebratory.
