

# Every Missed Call Is Money Walking Out the Door

Studies show 60–80% of inbound calls go unanswered during peak times or after hours, and even answered calls are often poorly screened—wasting staff time on tire-kickers while hot prospects slip away.

## Leadcentrix Voice AI Answers 100% of Calls, 24/7

Our conversational Voice AI picks up in seconds, greets callers naturally, understands intent through advanced speech recognition, gathers critical details, books appointments directly into your calendar, transfers live when needed, and logs every interaction.

### Perfect For

1. Home services taking emergency calls at midnight
2. • Law firms screening personal-injury or estate-planning inquiries
3. • Mortgage and real estate teams capturing pre-approval or showing requests
4. • Medical and dental practices filling same-day cancellations

## Results That Speak for Themselves

85–95% answer rate (vs. 40–60% with humans only)

- 30–50% higher appointment show rate because details are captured accurately
- Unlimited simultaneous calls handled with zero wait time
- Full recordings, transcripts, and sentiment analytics for training and compliance

### How It Works

1. Call hits your main number (or dedicated tracking line)
2. Voice AI answers instantly with your custom greeting
3. Natural dialogue qualifies urgency, need, and budget
4. Books into Calendly/Google Calendar or warm-transfers to the right person
5. Full transcript, recording instantly available in your CRM

No more voicemail tag, overwhelmed receptionists, or lost revenue from rings that go unanswered. Turn every call into a booked appointment or qualified transfer. Book your Voice AI demo at [leadcentrix.io](https://leadcentrix.io)
