Privacy Policy

Your privacy is of utmost importance to us. This policy outlines the types of personal information we collect, how it's used, and the measures we take to ensure your data remains protected.

1. Information We Collect

We collect personal data necessary for business operations. This may include names, addresses, phone numbers, email addresses, IP addresses, and other identifiable information needed to fulfill orders, provide services, or improve user experience. We may also collect information automatically through cookies and other tracking technologies, where permitted by law.

2. How We Use Your Data

- To fulfill orders and provide requested services.
- To offer customer support.
- To work with software and hardware providers as necessary to support our services.
- To communicate updates, marketing, and promotional offers, where consent is provided.
- To comply with legal obligations and protect the rights and safety of our users

3. Data Sharing

Beardman Technology Group does not share, sell, lease, or rent your personal data to third parties unless:

- It's necessary to fulfill orders or provide services you've requested.
- We are working with trusted software and hardware providers to support our offerings.
- We are legally required to do so.
- We need to share data to protect the rights, property, or safety of our company, our users, or others.

4. Data Protection

We have implemented measures designed to secure your personal information from accidental loss and unauthorized access, use, alteration, and disclosure. These measures include encryption, secure servers, and regular security assessments.

5. Retention of Personal Data

We retain your personal data only as long as necessary to fulfill the purposes for which it was collected, including to meet any legal, accounting, or reporting requirements.

6. Changes to Our Privacy Policy

Any changes we make to our privacy policy in the future will be posted on our website and can be requested via email. We encourage users to review this policy periodically for any updates.

7. Contact Information

PCI DSS Compliance Statement

Beardman Technology Group is committed to providing secure online services. As part of this commitment, Beardman Technology Group is compliant with the Payment Card Industry Data Security Standard (PCI DSS) as a service provider.

1. Our Commitment

We understand the importance of keeping sensitive data secure. As part of our commitment to uphold the highest standards of payment security, we adhere to the strictest data protection standards.

2. Data Protection

All credit card information is processed and stored in secure, PCI DSS compliant environments. Beardman Technology Group ensures that robust measures are in place to protect cardholder data from unauthorized access. These measures include encryption, secure transmission protocols, and regular vulnerability testing.

3. Data Sharing

As outlined in our Privacy Policy, Beardman Technology Group does not share any data unless required to fulfill orders or support services in conjunction with software and hardware providers.

4. Regular Monitoring

We conduct regular security reviews, vulnerability assessments, and monitoring to ensure that our systems are always protected against unauthorized access or breaches.

5. Incident Response

In the event of a data breach or security incident, we have an incident response plan in place to minimize impact and notify affected parties, as required by law.
