Engineering & Building Solutions

SEC REG. NO.: 2024020136418-00

FLOW INDUSTRIES

The company was formed not only to provide technical solutions, but also to create long-term value for its stakeholders. Our commitment is centered on delivering reliable and efficient systems for our clients, creating better opportunities for our employees, supporting the growth of our suppliers and subcontractors, and protecting the environment.

Through every project, Flow Industries applies practical engineering, field experience, process knowledge, and environmental responsibility to develop solutions.

Flow Industries OPC continues the legacy of service, technical excellence, and environmental stewardship, engineering solutions that serve industries, communities, and the future.

Reinier Sotto Rabulan

President - Flow Industries OPC

Service Sectors

WHATEVER YOUR PROJECT REQUIRES, WE DELIVER IT.

01

DESIGN & CONSTRUCTION

Residential, commercial, and industrial construction projects — from ground-up builds to structural renovations.

02

ENGINEERING & TECHNICAL

Civil, mechanical, electrical, and structural engineering expertise for complex technical challenges.

03

MAINTENANCE & REPAIRS

Scheduled preventive maintenance and emergency repair services across facilities and equipment.

04

SUPPLY & PROCUREMENT

End-to-end sourcing of materials, equipment, and specialty supplies from our verified vendor network.

05

ENVIRONMENTAL SERVICES

Environmental assessments, remediation, waste management, and compliance consulting services.

06

NOT SURE WHAT SERVICES?

Describe your project and our team will evaluate and route it to the right specialist.

OVERVIEW

THE PRODUCTS AND SERVICES

Flow Industries OPC is determined to establish itself as a reliable Engineering, Building, and Environmental Specialty Contractor, providing integrated technical solutions for commercial, industrial, institutional, and government sectors. Its multi-faceted services include design and build, operations and preventive maintenance, system upgrade and rehabilitation, equipment supply, chemical and biological supply, environmental compliance assistance, and specialized engineering works covering civil, architectural, mechanical, electrical, and automation services.

ENGINEERING & ENVIRONMENTAL SERVICES

- Environmental compliance assistance, including ECC, CNC, Permit to Operate, Discharge Permit, and related technical documentation
- Water and wastewater treatment systems design, construction, rehabilitation, operation, and maintenance
- Water purification, filtration, demineralization, deionization, desalination, and process water treatment systems
- Sewage Treatment Plant, Wastewater Treatment Plant, and Water Treatment Plant equipment supply and installation
- Cleanroom systems, ventilation support, and controlled-environment facilities
- Air pollution control systems, scrubbers, exhaust treatment, and emission control systems
- Industrial piping, process piping, utility piping, and tank storage systems
- Ducting fabrication, installation, repair, and maintenance
- Biogas digester system design, construction, and installation
- Fuel treatment, fuel oil conditioning, and related process improvement services
- Design, implementation, and erection of oil, gas, and biofuel production facilities
- Fuel oil, chemical, and storage tank cleaning services
- Hazardous waste, liquid toxic waste, and industrial wastewater treatment solutions
- Used-oil re-refining plant design, construction, and support systems
- Modular ice plant, cold storage, and temperature-controlled facility support systems
- Industrial electro-mechanical installation, repair, rehabilitation, and preventive maintenance works
- Supply of water treatment chemicals, wastewater treatment chemicals, bacteria, enzymes, and maintenance chemicals
- Supply of WTP, STP, WWTP, mechanical, electrical, and process equipment accessories
- Operations, preventive maintenance, troubleshooting, testing, commissioning, and technical support services

CIVIL, ARCHITECTURAL & BUILDING SERVICES

- Concept development and project planning
- Site survey, inspection, assessment, and technical evaluation
- Land development, site development, grading, drainage, and civil works
- Excavation, structural, foundation, and reinforced concrete works for commercial and industrial buildings
- Architectural design support, design detailing, and project presentation
- Preparation of cost estimates, bill of quantities, and technical proposals
- Preparation of construction documents, plans, shop drawings, and technical specifications
- Building construction, renovation, improvement, and fit-out works
- Road construction, repair, rehabilitation, and related civil infrastructure works
- Building repair, restoration, rehabilitation, and structural improvement works
- Demolition, dismantling, hauling, and clearing works
- Project supervision, coordination, quality control, and site implementation support

OVERVIEW

MECHANICAL SERVICES

- Construction and installation of oil, gas, water, fuel, and chemical storage tanks
- Installation of oil, fuel, gas, and water metering and regulating systems
- Industrial piping, chemical piping, utility piping, plumbing, pipe insulation, and cladding works
- Process engineering works and mechanical system integration
- Design and implementation support for oil, gas, water, wastewater, and process treatment plants
- Boiler installation, rehabilitation, repair, and auxiliary piping works
- Cooling system installation, rehabilitation, cleaning, and preventive maintenance
- Cooling tower servicing, chemical treatment, mechanical cleaning, and condenser system support
- General ducting works, exhaust systems, ventilation support, and air handling system works
- Fiberglass Reinforced Plastic application, repair, and fabrication support
- Light and heavy equipment lifting, rigging, relocation, and installation works
- Machinery and equipment dismantling, removal, installation, and commissioning
- Maintenance, replacement, rehabilitation, and overhaul of plants, pipelines, pumps, blowers, tanks, and other mechanical equipment

SUPPLY & PROCUREMENT SERVICES

- Supply of water treatment, wastewater treatment, STP, WWTP, and WTP equipment
- Supply of pumps, blowers, motors, valves, tanks, filters, membranes, dosing systems, and accessories
- Supply of electrical, mechanical, plumbing, piping, automation, and instrumentation components
- Supply of water and wastewater treatment chemicals, bacteria, enzymes, consumables, and maintenance chemicals
- Sourcing of specialized equipment, spare parts, and replacement components
- Procurement assistance for locally available and imported equipment
- Supplier coordination, technical evaluation, product matching, and compliance checking
- Delivery coordination, logistics support, installation support, and after-sales assistance

ELECTRICAL SERVICES

- Electrical design, wire sizing, installation, testing, and commissioning
- Power distribution, panel boards, motor control centers, breakers, feeders, and auxiliary electrical systems
- Electrical works for industrial, commercial, residential, and process facilities
- Motor, generator, pump, blower, and equipment electrical installation
- Troubleshooting, repair, servicing, and replacement of electrical components
- Preventive maintenance of electrical systems, motors, panels, and control equipment
- Design supervision, site implementation, testing, and commissioning support

AUTOMATION, CONTROLS & INSTRUMENTATION

- PLC and HMI programming
- Control panel design, fabrication support, installation, and commissioning
- Instrumentation, sensors, transmitters, flow meters, level controls, and monitoring devices
- Automation of water treatment, wastewater treatment, pumping, dosing, and process systems
- SCADA-ready control system integration
- Motor controls, VFD installation, pump controls, blower controls, and automatic dosing systems
- System troubleshooting, calibration support, and operational optimization

COMPANY REG. NO.: 2024020136418-00

CERTIFICATE OF INCORPORATION

KNOW ALL PERSONS BY THESE PRESENTS:
This is to certify that the Incorporation of:

Flow Industries OPC

were duly approved by the Commission on this date upon the issuance of this Certificate of Incorporation in accordance with the Revised Corporation Code of the Philippines (Republic Act No. 11232), which took effect on February 23, 2019 and copies of said Articles of Incorporation are hereto attached.

This Certificate grants juridical personality to the corporation but does not authorize it to issue, sell or offer for sale to the public, securities such as but not limited to, shares of stock, investment contracts, debt instruments and virtual currencies without prior Registration Statement approved by the Securities and Exchange Commission; nor to undertake business activities requiring a Secondary License from this Commission such as, but not limited to acting as broker or dealer in securities, government securities eligible dealer (GSED), investment adviser of an investment company, close-end or open-end investment company, investment house, transfer agent, commodity/financial futures exchange/broker/merchant, financing/lending company, and time shares/club shares/membership certificate issuers or selling agents thereof; nor to operate a fiat money to virtual currency exchange. Neither does this Certificate constitute a permit to undertake activities for which other government agencies require a license or permit.

This Certificate DOES NOT AUTHORIZE INVESTMENT SOLICITATION AND INVESTMENT-TAKING WITHOUT A SECONDARY LICENSE FROM THIS COMMISSION.

As a registered corporation, it shall submit annually to this Commission the reports indicated at the back of this certificate.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of this Commission to be affixed to this Certificate at The SEC Headquarters 7907 Makati Avenue, Salcedo Village, Barangay Bel-Air, Makati City, 1209, Metro Manila, Philippines, this day of 15 February Two Thousand Twenty Four.
