Many Voices, One Community, One Celebration

MESSAGE

I wish to extend my warmest congratulations to the National Federation of Filipino American Associations (NaFFAA) Nevada on the occasion of its 2026 Philippine Independence Day Gala.

As the Filipino American community comes together for this year's celebration, we join you in honoring the 128th Anniversary of the Proclamation of Philippine Independence and the generations of Filipinos whose love of country continue to inspire us today.

This year's theme, "*Many Voices; One Community; One Celebration*," speaks to the strength of the Filipino American community in Nevada. It reflects the many stories and contributions that come together in the shared work of building community, preserving our heritage, and creating opportunities for the next generation.

The Philippine Consulate General in Los Angeles commends NaFFAA Nevada for its continued service to the community and for its efforts to encourage civic participation, advocacy, leadership, and cultural pride. Your work helps keep our Filipino identity alive while strengthening the bonds among our *kababayans* and with the wider community.

Once again, congratulations to NaFFAA Nevada on this special occasion. We wish you continued success in your work for the Filipino American community in Nevada and beyond. *Mabuhay po kayo!*

HONORARY CONSULATE OF THE REPUBLIC OF THE PHILIPPINES
LAS VEGAS, NEVADA

MESSAGE

It is with profound honor and sincere admiration that I extend my warmest greetings to the National Federation of Filipino American Associations (NaFFAA) Nevada, its distinguished leaders, community partners, honored guests, and all attendees gathered in celebration of the 128th Philippine Independence Day Gala.

This year's theme, "Many Voices. One Community. One Celebration," eloquently captures the enduring narrative of the Filipino people—a narrative defined by diversity of experience, unity of purpose, and an unwavering commitment to collective advancement. It reflects the remarkable journey of Filipinos and Filipino Americans who, while representing different regions, professions, generations, and perspectives, remain bound together by a shared heritage and an enduring devotion to service, family, and nation.

As we commemorate the 128th anniversary of Philippine Independence, we are reminded that freedom is not merely a historical achievement but a continuing civic responsibility. The declaration of independence in 1898 represented far more than political sovereignty; it embodied the aspirations of a people determined to define their own future, preserve their dignity, and contribute meaningfully to the community of nations. Today, that same spirit is reflected in the accomplishments of Filipino Americans across the United States and throughout the world.

In this regard, NaFFAA occupies a uniquely distinguished place in American civic life. It serves as an essential institution of advocacy, leadership, civic engagement and cultural promotion. Through its work, the organization has strengthened civic participation, elevated Filipino American visibility, advanced public policy engagement, and fostered intergenerational leadership that continues to enrich the American democratic experience.

The Filipino diaspora has become one of the most dynamic and influential communities in the United States. Filipino Americans have distinguished themselves in public service, healthcare, education, business, science, the arts, and the armed forces. Their contributions not only strengthen the fabric of American society but also deepen the enduring friendship between the Republic of the Philippines and the United States.

This evening's celebration is therefore more than a commemorative gathering. It is an affirmation of identity, a recognition of achievement, and a testament to the power of community. It reminds us that cultural heritage is not preserved through memory alone, but through active participation, shared responsibility, and meaningful engagement with future generations.

As Honorary Consul in Las Vegas, I commend NaFFAA Nevada for its steadfast dedication to promoting Filipino American interests and fostering a stronger, more inclusive community. Your leadership exemplifies the highest ideals of public service and civic engagement. Through your efforts, the voices of Filipino Americans continue to be heard, respected, and valued within the broader national discourse. May our many voices continue to strengthen one community and one enduring celebration of freedom, heritage, and shared purpose. Mabuhay!!!

With warmest regards,

Greetings!

On behalf of the National Federation of Filipino American Associations (NaFFAA), I warmly congratulate NaFFAA Nevada on celebrating the 128th Philippine Independence Day Gala.

This year's theme, "Many Voices; One Community; One Celebration," captures the spirit of the Filipino American community—diverse in experience and perspective, yet united by heritage, resilience, and shared hopes.

Philippine Independence Day is more than a commemoration of our nation's freedom. It also honors the courage, sacrifice, and dreams of the generations who came before us and inspires us to build stronger communities in the United States while preserving our Filipino identity and values.

Across the country, Filipino Americans continue to make meaningful contributions in public service, healthcare, business, education, the arts, civic engagement, and community leadership. Through organizations like NaFFAA Nevada, we strengthen our collective voice, preserve our culture, empower future generations, and renew our commitment to service and unity.

As National Chair of NaFFAA, I am deeply grateful for NaFFAA Nevada's leadership and dedication in uplifting our community and bringing people together with purpose. Your work shows that when we stand together, our voices are stronger and our impact is greater.

May this celebration inspire renewed pride in our heritage, stronger community ties, and continued hope for future generations of Filipino Americans.

Congratulations on a meaningful and successful celebration.

LEGAL COUNSEL

BRIEF 36 YEARS HISTORY The organization was formed by twelve founders in the late 1990 and became officially in existence since February 23, 1991, with its constitution approved and registered as a non-profit organization in the State of Nevada. Its goals and objectives are assistance to members, camaraderie and unity among Filipinos, charity and calamity assistance, community and cultural services, scholarship to deserving students, medical missions providing health care to indigent patients in the Philippines, youth development and outreach projects.

Over the last 36 years, the focus and inspiration of the officers, advisers and members have been to attain the goals and objectives of PBSN assisting members during emergencies with cash and insurance benefits. The consistent support of the community has undoubtedly been the factor to the success of PBSN, with strong and decisive leadership of the officers and advisers. PBSN has been fortunate to have devoted leaders as Presidents: Jaime Santiago, 1991- 1992; Martin Celemin, P.E., 1993 - 1994; Nadia Jurani, CPA, JD, ESQ, 1995- 1996; Evelyn Sayre, 1997- 1998; Cecille Boquecosa, 1999- 2000; Romeo Jurani, P.E., 2001 -2002; and Marian Pearson, 2003 -2026.

Among the major community accomplishments of PBSN are the following:

Philippine Medical Mission: As of 2026, PBSN has conducted thirteen (13) missions in the Philippines providing free health care to indigent patients in Northern Cebu, Southern Cebu, Misamis Occidental, Marikina Metro Manila and Bohol. A recorded total of 135,324 services were rendered including medical cases, surgeries, dental works, dispensing prescription and non-prescription medicines, optical services, giving away reading glasses and special personal education to take care of patient's health issues. Note that PBSN medical missions in the Philippines involved complex strategic preparation, fund raising campaign, solicitation of volunteers, obtaining permits and approval of the mission from the Philippine authorities, procurement and shipment of medicines and medical supplies, administration of transportation and hotel accommodation, logistic support, etc.

Scholarship Program: Free start-up scholarships to Nevada deserving high school graduates entering college since 1993. For these activities, as of 2026, a total of \$218,000 was raised through donations from friends and members awarding grants to a total of 426 high school graduates entering college. In addition, the Philippine scholarship program as of 2026 has graduated a total of 14 deserving college students with professional Bachelor of Science degree at a total cost of \$24,300 mostly donated by Drs. Pat, Rose, Carlo & Danielle Jurani.

Outreach to the Philippines giving cash and goods to victims of typhoons and earthquakes including giving Vicente Sotto Hospital in Cebu City free prescription medicines to indigent patients of the hospital's pediatric ward.

"Feed the Hungry" program sponsor to the homeless in Las Vegas and the Philippines.

Youth development sponsor in promoting Filipino culture and extracurricular activities.

Contribute and actively participate in the programs of the National Federation of Filipino American Associations (NaFFAA) in promoting and protecting the Filipino interest in the USA.

For additional information, contact Romeo Jurani, source originator or Marian Pearson, PBSN President.

Common Diseases: How To Treat And Even Prevent With Alkaline Water!

Water is essential

Water is essential for all known forms of life. Water is like the blood of the world, giving life to plants, animals and humans; our existence is explicitly connected to the quality of water available for us. With water being so vital to your existence, ensure that you are consuming it in its purest form.

What is alkaline water?

Imagine having the ability to take normal tap water and give it a special charge that can neutralize free radicals and give you the benefits mentioned above. Alkaline ionized water has a negative charge called oxidation reduction potential (-ORP).

Molecular hydrogen in Ionized water

The presence of hydrogen gas gives ionized alkaline water many of its benefits. Ionized water is produced by electrolysis, enabling the 'free' and available hydrogen gas to dissolve into the water. It is the presence of hydrogen gas which gives alkaline water many of its benefits. Research has shown that removing the hydrogen gas in ionized water diminishes the benefits, and perhaps unsurprisingly, adding extra hydrogen gas to the water increased the therapeutic benefits. Drinking hydrogen-rich alkaline water is the perfect way to mount a defense against free radicals, which are responsible for oxidation – or decay – within our bodies.
