Continue Your Journey with Everything DiSC® Agile EQ™ on Catalyst™

UNLOCK AGILITY.

The more uncertain, complex, and ambiguous our working environments become, the more critical a truly agile workforce is to success. **But staying agile demands that people continually develop and use their emotional intelligence (EQ)—a level of sophistication that's never been demanded before.** Now, Everything DiSC® is offering a new way to support your agile workforce.

Everything DiSC® Agile EQ™ on Catalyst™ continues the DiSC journey by teaching participants to read the emotional and interpersonal needs of a situation and respond accordingly. By combining the personalized insights of DiSC® with active emotional intelligence development, participants discover an agile approach to workplace interactions, empowering them to meet the demands of any situation. **Support your thriving agile culture today.**

Everything DiSC Agile EQ develops the emotional intelligence necessary to support a thriving agile culture. Learners will:

- Discover the instinctive mindsets that shape their responses and interactions
- Recognize opportunities to stretch beyond what comes naturally to them
- Take action to become more agile in their approach to social and emotional situations
