

04/21/2021

Dear Valued PFG Branded Product Supplier Partner,

As you may already know, we at PFG are launching an enterprise-wide environmental, social, and governance strategy (ESG) this year. We have established goals that address our ESG-related risks, create value for all our stakeholders, and enable us to address food-related societal challenges.

To meet evolving consumer expectations and reduce negative environmental and social impacts across our supply chains, we have set a Responsible Sourcing Goal for our PFG branded product categories. These categories include the following:

- Livestock (Beef, Pork, Veal)
- Poultry (Chicken, Turkey)
- Seafood (fresh and frozen raw fish)
- Coffee
- Cocoa

You will be required to access Share-ify™ and upload all relevant responsible sourcing certificates under the “Certs & Docs” tab (formerly “Documents” tab) no later than **05/05/2021**. Be sure to specify if a particular certification is not applicable to your organization as well.

If your organization has an internal subject matter lead on these subjects, please notify PFG by email at ESGCollaboration@pfgc.com to ensure ESG communications go directly to that person moving forward.

To learn more about how PFG is making a difference with our ESG strategies, please click on the links below:
<https://pfgc.com/Corporate-Responsibility>

https://s22.g4cdn.com/140600076/files/doc_downloads/governance_doc/2020/12/ESG-Update-December-2020.pdf

Also, in order to assist the PFG Corporate QA team, please ensure the following information is up to date, in the same “Certs & Docs” tab

- Letter of Guarantee (HACCP or Preventative Controls)
- Most recent 3rd party Plant Food Safety Audit
 - *If your audit has been delayed due to COVID, please upload a letter stating this*

If you are a current Share-ify user, to login [Click here](#). For any system questions, or if you are a new user, send an email directly to Share-ify™ at service@share-ify.com and they will be happy to assist with your company’s setup. Any other questions or concerns have, your QA team contact the PFG ESG team directly at ESGCollaboration@pfgc.com.

Thank you very much for your support.
