INFINITY DNA

ESEG LIGHT BOX STAND

The Infinity DNA™ Pro Lightbox Collection provides the ultimate in high definition illuminated display graphics. Our patented eSEG™ Frame and Fabric technology combined with high-powered LED lighting components provide a superb color consistency that extends beyond the frame from edge-to-edge for an immersive viewing experience. Combine different sizes together to create your own display environment.

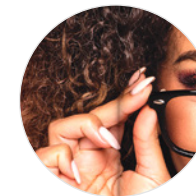

STEP INTO THE LIGHT™

The Infinity DNA Pro Light Box transforms any space into a stunning visual experience with its seamless edge-to-edge illumination and sleek, modern design. Built for bold brands, it's the perfect blend of style, innovation, and standout storytelling.

MODULAR LIGHT BOX STAND

Connect displays together in a straight line or at 90° to create a variety of display designs.

CONTINUOUS IMAGE

When two or more stands are connected together, Edge-lit SEG Graphics provide a seeming-less continuous image without frame interruption.

EDGE-LIT SEG GRAPHICS

New Edge-lit SEG Infinity Graphics stretch from edge to edge to create a true frameless appearance.

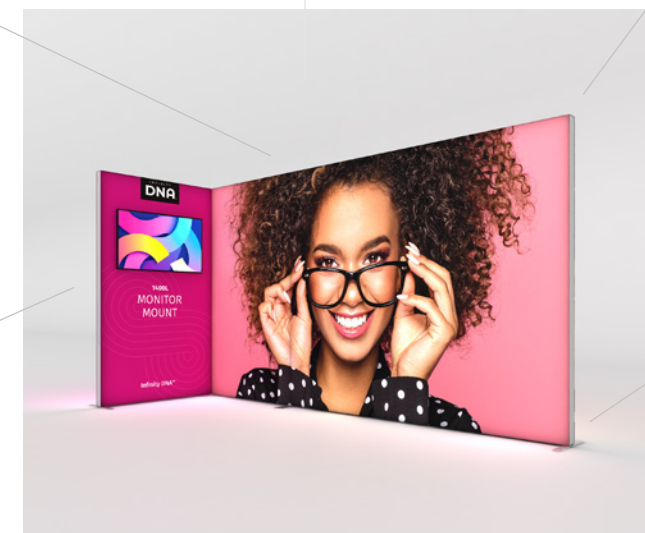

MONITOR MOUNT

Add a monitor to your light box banner stands. Includes a VESA Mount and monitor brackets. Fits 950L and 1400L.

QUICK-CONNECT ASSEMBLY

Quick-connect lightweight frames are intuitive and easy to assemble in under a few minutes.

CA700 CASE TO COUNTER SYSTEM

Convert from case to counter in minutes with vibrant SEG Graphics, bringing your exhibit, event or brand to life. This newly updated, all-in-one counter system has a larger interior to hold more products and is more durable than ever before.

1. LARGER INTERIOR holds more display products and accessories. Doubles as storage area for counter.

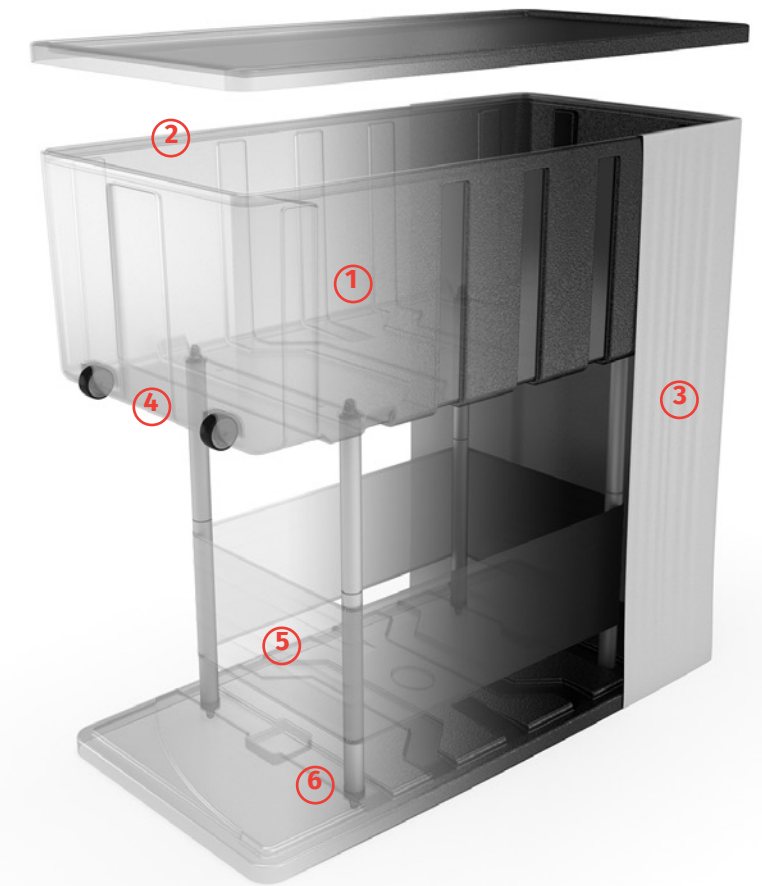

2. STRONGER EDGE PROFILES on the case allows for a new graphic attachment system using SEG - Silicone Edge Graphics.

3. VIBRANT GRAPHICS are dye-sub printed on fabric that wraps around the case for a complete finish.

4. SMOOTH ROLLING - we've put more distance between the wheels for less sway when transporting.

5. POCKET STORAGE slips over the support poles and keeps items from pressing into the graphic.

6. REDUCED FLEX is reinforced by 8 new support pole attachment points that increase stability.

CA700 Case to Counter
Brandable graphic, easy-to-pack and perfect for any event. Plus, it's roomier than most display cases and hides a storage pocket-this is everything you need in a portable counter.

DIMENSIONS
Interior: 39.4"W x 19.7"D x 12.6"H (1010x500x320mm)
Exterior: 42.5"W x 21.7"D x 15"H (1080x550x380mm)

TENSION FABRIC DISPLAYS

The WaveLine Media® Display Collection is built with a simple and lightweight, yet strong, aluminum frame zipped inside a wrinkle-resistant polyester fabric graphic print. Sets up in 5-10m without tools. Print two sides of the display for a full walk-around experience or flip your panel around to display an alternative message.

Because each WaveLine® Media display is built from individual panels, you can mix and match panels to create your own unique 10', 20' or 30' designs for trade show exhibits and events.

KEY FEATURES & ADD-ONS

QUICK-CONNECT ASSEMBLY
Easily assemble quick-connect lightweight frames -without tools.

ZIP-ON GRAPHICS
Vibrant pillowcase graphics wrap around the frames and zip on for quick set up and easy access to storage.

ADD-ON HARD CASE
Pack your display hardware, graphics and lights in a CA700 hard case with wheels for added protection.

CASE TO COUNTER CONVERSION
Add-on a conversion kit and turn your rolling hard case into a portable counter.

MIX & MATCH
Choose a predesigned display or combine media panels and accessories together to create your own.

ADD-ON MONITOR MOUNT
Add a monitor onto display panels to create customer interaction and engagement with a video, website or software application.

HEADER SIGNS
Add a header sign onto to the top of larger straight panels to increase visibility.

LIGHT UP YOUR MESSAGE
Add bright LED Lights clamp-on to any WaveLine® Media frame to highlight your brand message.
