CONSTRUCTION INDUSTRY MENTORING

Knowledge • Implementation • Visibility • Accountability

Over 40 years helping
UK builders work smarter,
not harder.

www.robinhayhurst.com • robin@robinhayhurst.com • 07411 230122
Hitchin, Hertfordshire

THE REAL PROBLEM

Construction business owners deeply understand what needs improvement within their companies, yet they consistently struggle to implement necessary changes. The overwhelming demands of daily operations and the constant firefighting of immediate issues leave no time or mental bandwidth to focus on strategic growth and long-term solutions.

THE CONSTRUCTION SUCCESS SOLUTION

UNIT
1

Build Your five-year Construction Business

Leave with a clear, documented five-year plan that defines how your business will grow profitably, what systems must be built, and what decisions to make now to support future capacity and scale.

UNIT
2

Cash flow Forecast and Prediction

Gain the ability to predict cash shortages in advance, plan spending with confidence, and make proactive decisions that protect profit and prevent cashflow crises.

UNIT
3

Client's Journey

Create a structured client journey that improves tender-to-project conversion, sets clear expectations, protects margins, and generates repeat and referral work.

UNIT
4

Site Process and Production

Implement consistent site processes that improve productivity, reduce delays and rework, and give you greater control over programme, costs, and project outcomes.

UNIT
5

Lead Generation

A practical lead generation course showing construction business owners how to consistently attract better projects, secure higher-value work, and build a reliable pipeline beyond word of mouth.

CONSTRUCTION INDUSTRY MENTORING

THREE WAYS TO WORK WITH US

BUSINESS HEALTH AUDIT

£395+vat
once-off

A 90-MINUTE CONVERSATION THAT SHOWS YOU EXACTLY WHERE YOUR CONSTRUCTION BUSINESS STANDS — AND WHAT'S HOLDING IT BACK.

The Audit isn't a sales pitch in disguise — it's a real piece of work in its own right. But if it leads you to the next step, the cost of doing it first comes off what you pay next.

**Book a
Discovery Call**

We offer **three** ways for construction SMEs to work with us: start with our **business health audit**, step up to **in-person workshops** (with CITB funding available in some regions), or commit to **full one-to-one coaching**. Each level builds on the last, but you can choose the option that best fits your business right now. In addition, we provide access to virtual assistants, graphic design, and social media support at cost, with no markup and no hidden fees.

Grow your business your way, with the right level of support at every stage.

OPTIONAL ADD-ONS

Building a business requires more than knowledge—it requires execution. That's why we connect you directly with our trusted implementation partners at their standard rates (no markup, no hidden fees).

These aren't required, but most members use 1-2 of these services to accelerate results:

SOCIAL MEDIA MANAGEMENT

Creates a professional and consistent online presence to attract builders and architects.

£250/MONTH FOR PRESENCE,
£450/MONTH FOR LEAD
GENERATION

VIRTUAL ASSISTANT SUPPORT

Provides implementation support, ensuring that the frameworks are put into practice.

3 HOURS/WEEK
MINIMUM AT
£240/MONTH

GRAPHIC DESIGN SERVICES

Professional graphic design support focused on websites, brochures, business cards, and brand assets, ensuring your construction business presents a clear, credible, and professional image across all client touchpoints while supporting faster implementation of the systems taught in the programme.

£100-£500
