What We Do

YOUTH EMPLOYMENT SOLUTIONS

At WorkVentures, our mission is to empower young Australians by providing pathways to meaningful careers. We believe every young person has the potential to succeed and deserves support in pursuing their goals.

We understand the challenges that many young people face when trying to enter the workforce, which is why we are committed to providing the support and guidance they need to flourish.

What We Do

Through our traineeship program, we help young people gain the skills and experience they need to secure long-term employment and build a successful career.

As a social enterprise and NFP, we are driven by our mission to make a positive impact on the lives of young Australians. Through our YES team, we provide ongoing support and guidance to our trainees and host partners to ensure that both parties are satisfied with the program and achieve their goals. We are dedicated to empowering young people with the skills and opportunities they need to build a bright future for themselves.

PARTNER CASE STUDIES

Alyssa & Ashleigh

FTA Insurance Trainees

Since its inception in 2018, our partnership with FTA Insurance has blossomed into a remarkable journey of growth and mutual benefit. What began with the placement of a single trainee has evolved into a cornerstone of their business structure, profoundly impacting their junior team's development.

As the years unfolded, FTA Insurance embraced the inherent value of the traineeship program, recognizing it as a catalyst for cultivating talent within their ranks. This steadfast commitment to nurturing emerging professionals has been instrumental in their expansion, with the program now firmly integrated into their business framework.

A hallmark of FTA's ethos is their unwavering dedication to fostering a culture of continuous learning and progression. This is exemplified by their unique approach, where all trainees are not only offered permanent roles upon program completion but also play an integral role in mentoring new recruits.

Our partnership with FTA Insurance stands as a testament to the transformative power of investing in talent and fostering a culture of mentorship and growth. Together, we continue to redefine the landscape of professional development, one trainee at a time.

PARTNER CASE STUDIES

Uniting

Since 2017, we have proudly partnered with Uniting, embarking on a journey that began with the placement of a single trainee within their business. Over the ensuing years, this collaboration has flourished, culminating in the establishment of an annual diversity program we jointly support.

This program has evolved to welcome between 7 and 10 trainees each year, fostering opportunities for individuals from First Nations backgrounds as well as those living with disabilities.

Through this initiative, we have witnessed the transformative power of inclusion, as numerous candidates have found pathways to personal and professional growth.

Notably, our trainees have consistently demonstrated excellence, with several being nominated for the prestigious NSW Training Awards. Among these commendations, we proudly celebrate two regional Finalists for Aboriginal and Torres Strait Islander trainee of the year, alongside one additional regional Finalist.

Our partnership with Uniting stands as a testament to the profound impact of collaboration and diversity as we continue to champion inclusivity and excellence within our communities.

WHAT OUR PARTNERS SAY
